In the Spotlight

A home for the arts in the heart of Coralville takes center stage — page 2
In August 2011, the Coralville Center for the Performing Arts rolled out the red carpet, opened its doors, and raised the curtain before an audience for the first time. This fall, this state-of-the-art facility prepares to celebrate a milestone birthday.

**Taking Center Stage**

**A PLACE TO GATHER**

Theater, music, dance, lectures, receptions, and other events have graced the stage, filled the seats, and packed the lobby at the Coralville Center for the Performing Arts. Built to support both emerging and established artists and organizations, in its first five years the Center has welcomed thousands of friends, neighbors, and visitors to experience the arts in Coralville.

**A PLACE TO LEARN**

The arts can provide a dynamic experience for exploring the world, both in the audience and on stage. Each year, the Center invites schools and youth programs to special performances designed to engage the students’ imagination.

Coralville partnership schools are eligible to use the Center for up to three performances a year for concerts, fundraisers, and talent shows. Students have the opportunity to perform in a professional, state-of-the-art theater.

In addition, Young Footlighters Youth Theatre, which became a program of the Coralville Center for the Performing Arts in 2014, has welcomed hundreds of kids—from kindergartners to award-winning high schoolers—on stage to experience the magic of theater through productions, camps, and classes.

**A PLACE TO CREATE**

The Coralville Center for the Performing Arts provides opportunities for involvement in all aspects of stage production—as artists, students, instructors, volunteers, and spectators. Arts professionals, including touring performers and area artists, use the Center.

City Circle Acting Company completed its first full season as a program of the Center in the summer of 2016. Committed to producing high-quality theater with local artists, the 2015-2016 City Circle season brought over 300 local artists to the Center’s stage.
The Coralville Center for the Performing Arts provides an ideal location for large scale productions, solo recitals, high energy performances, lectures, social events, corporate functions, and more—including events like:

*The Gondoliers,* presented by the University of Iowa School of Music (opera, summer 2015)
*Elements Modern Showcase,* presented by Nolte Academy (dance, summer 2016)
*King Midas and the Miraculous Golden Touch,* presented by Young Footlighters Youth Theatre (play, spring 2016)
*Oliver!*, presented by City Circle Acting Company (musical, winter 2015)
*90 Ideas in 90 Minutes,* presented by the Corridor Business Journal (corporate function, spring 2016)
*No Bad News!,* presented by MetroMix Chorus (choir, fall 2015)

5th Birthday Concert

**Imagine Tomorrow**

Friday, October 7, 2016
7:30 pm
Featuring Gershwin’s *Rhapsody in Blue* under the baton of Dr. Edward Kottick and featuring pianist Dr. Rene Lecuona.

Five years ago we celebrated the completion of the Coralville Center for the Performing Arts. Today we’re building programs and possibilities!

Kick off a year celebrating our past and building for the future. To reserve tickets, visit www.CoralvilleArts.org.

DID YOU KNOW?

- A “Ghost Light” is left on in the theater at all times.
- The theater curtains total more than 6,440 square feet of fabric – enough to cover 157 king sized beds!
- In five years, over 125 gallons of black paint have been used on the stage floor.
- 2,753 glasses of wine have been sold at the concessions counter.

VOLUNTEERS COUNT

Volunteers make a huge impact by ushering, working backstage, helping in the box office, making guests feel at home, and assisting performers and patrons.

**In the Center’s first five years, volunteers provided 15,420 hours of usher service.**

Catching live performances without buying a ticket is one of the perks of ushering! To play a part in the arts, contact Nancy Mayfield at nmayfield@coralville.org at 319.248.9372, or visit www.coralvillearts.org/volunteer.

In its first five years

- **54** complimentary uses of the facility for Coralville partnership schools.
- **714** performances and public events at the Center.
- **100,314** tickets sold through the Coralville Center for the Performing Arts box office.
- **1,189** days of public use.
- **$1,517,709.21** in ticket sales for events that use the Center’s box office.

The Coralville Center for the Performing Arts (known informally as the “CCPA”) is a 472-seat auditorium located in the heart of Coralville at the corner of 5th Street and 12th Avenue. It is owned and operated by the City.

FALL LEAF COLLECTION

Curbside pickup on regular garbage days until November 30 or the first winter snowfall

How to Prepare Leaves
- Place leaves curbside in Coralville biodegradable yard waste bags ($1 each; available at Coralville Hy-Vee, Lowe’s, Theisen’s, and City Hall)
- Place leaves curbside in a 33-gallon container with an annual yard waste sticker ($25; purchase at City Hall)
- Mulch/compost leaves for your own use

Leaf Collection Tips
- Don’t place leaves in plastic bags; they cannot be recycled
- Don’t rake leaves into streets, ditches, or drainage ways—this clogs storm drains
- Loose leaf piles are not collected

ADVANTAGES OF CURBSIDE PICKUP

Why we pick up bagged leaves instead of vacuuming

Coralville’s curbside leaf collection offers many benefits, including frequent collection, minimized environmental impact, and safety. Weekly curbside pickup of bagged or canned leaves allows residents to dispose of leaves frequently throughout the fall, usually on their regularly scheduled weekly garbage day. Other collection options, such as vacuum trucks, operate on a more limited schedule and are subject to mechanical problems when the vacuum sucks up items hidden within the leaves.

While some leaves naturally find their way into the gutter, the quantity is greatly reduced by containing leaf piles at the curb in biodegradable bags or yard waste cans. Loose leaves raked in advance to curbs can blow back into yards, or worse yet, clog storm drains, obstructing the flow of stormwater runoff and carrying lawn pollutants into waterways. Contained leaves also improve safety for bicyclists and pedestrians traveling on sidewalks or near the curb.

RING ROAD RENAMED PONSETI WAY

There is a new street name in the Iowa River Landing. Ring Road, which is used to access the main clinic and parking ramp at UI Health Care – Iowa River Landing, was renamed Ponseti Way in June 2016 in honor of the late Ignacio Ponseti, MD, the University of Iowa physician who developed the groundbreaking non-surgical treatment of clubfoot in children, the Ponseti Method.
Proper Medication Disposal

Medicines left to linger in homes are highly susceptible to misuse or abuse. Studies have shown that prescription drugs are often the first drugs a person abuses, and often not the last. What’s more, drugs that are not disposed of properly can cause environmental, safety, and health hazards.

Don’t throw medications in the garbage or flush them down the toilet (unless specific disposal instructions on the medications instruct you to do so). Instead, take advantage of drug disposal programs at the Coralville Police Department, through local pharmacies with a drug disposal program (contact your pharmacy for more information), or special drug take-back events. For more information, contact the Coralville Police Department at 319.248.1800.

Clean Your Medicine Cabinet

Police Department offers drug disposal drop box.

Each year during National Drug “Take-Back” Day, hosted by the Coralville Police Department in partnership with the Drug Enforcement Administration, hundreds of pounds of unwanted and unused prescription and over the counter drugs are turned in by the public for safe disposal.

The Coralville Police Department has added a permanent drug drop box for safe disposal of medications. Drop off expired, unused, or unwanted prescription or over the counter drugs or pet medications for free, safe, and anonymous disposal at the drop box located at the Coralville Police Department, 1503 5th Street, Monday through Friday, 7:30 am-7:00 pm.

It’s not uncommon to find expired or leftover medications in medicine cabinets in homes.
A new online communication system is available to help keep citizens informed about community crime. The public can access crime information for Coralville at [www.coralville.org/crimemap](http://www.coralville.org/crimemap) using a geographical mapping system called RAIDS Online through Bair Analytics. The map is a valuable tool for the Coralville Police Department to communicate crime activity to citizens.

**About the Map**

The system maps out crime data and provides basic information about the type of crime, general location, date, and time. Information can be displayed in a hotspot map, and users can click on crimes for more details. The crime maps, which are posted for information only, do not represent official crime statistics. By mapping crime data and making it available to the public, citizens can better understand crime trends in their area. Increased awareness across neighborhoods and businesses can heighten watchful eyes among those who live or work nearby and help decrease crime activity.

**Sign up for Alerts**

The system also provides the option to receive neighborhood watch reports by registering for automatic alerts about recent crime activity near a specific location. To register, view the crime map and click on the “Sign up for crime alerts” tab, or download the RAIDS app.

**Learn More**

For more information, call the Coralville Police Department at 319.248.1800 or visit [www.coralville.org/crimemap](http://www.coralville.org/crimemap).

Pet licenses help return lost animals home

A pet license can help reunite you with your furry companions if they ever go astray

Why Your Pet Needs a License

When lost animals wind up in shelters without any form of identification, it can be difficult to quickly find their owners. In Coralville, all dogs and cats more than four months old are required to be licensed with the City and vaccinated against rabies. Dogs and cats must wear their license tag whenever they are off their owner’s property. By having—and wearing—a City license tag, officers can look up the animal’s information in hopes the lost pet can be returned safely home, and can confirm the animal is up to date on rabies vaccinations.

How to License Your Pet

Getting a pet license is easy: bring a current rabies vaccination certificate to the Coralville Police Department (1503 5th Street), 7:30 am to 7:00 pm Monday through Friday, along with your license fee payment.

License & ID Tag Fees*

<table>
<thead>
<tr>
<th>Fee</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>$1</td>
<td>Puppies and kittens under four months of age</td>
</tr>
<tr>
<td>$5</td>
<td>Per year for all spayed and neutered dogs and cats</td>
</tr>
<tr>
<td>$30</td>
<td>Per year for all dogs and cats that are not spayed or neutered</td>
</tr>

*Senior citizens (age 60 and older) receive a 50% discount. License fee is waived with proof of registration for service animals.

Expired Licenses

Pet licenses expire at the same time as the rabies vaccination. A late fee equal to the cost of the license is charged 30 days after a license expires.

Meet Holly Guither

Animal Control Officer Holly Guither joined the Coralville Police Department in June of 2015. She earned her Associates of Applied Science from Kirkwood Community College and is a state and nationally licensed veterinary technician. She has volunteered with the MacBride Raptor Project and worked at a local veterinary emergency clinic.

Officer Guither enjoys working with animals of all different shapes and sizes, and teaching people about them. She lives with her fiancé, two chinchillas, two parakeets, and a 50-gallon freshwater fish tank.
Clear Creek South Floodwall – Phase 2

This project involves the construction of permanent flood walls and removable flood wall panels on the south side of Clear Creek from Highway 6 to 1st Avenue, and the reconstruction of a gravity sanitary sewer line under Clear Creek.

The current cost estimate for this project is $7,620,000. The majority of this project is being funded by State of Iowa Sales Tax Flood Mitigation funds along with Wastewater Enterprise and other local funds. This project will be bid in the fall of 2016 with construction completion anticipated in the fall of 2017.

1st Avenue Duct Bank – 6th Street to 9th Street

A common underground duct bank will be constructed along 1st Avenue between 6th and 9th Streets to relocate private utility facilities. This duct bank project is in anticipation of a street reconstruction project on 1st Avenue from 6th to 9th Streets scheduled for 2018.

The current cost estimate for the duct bank project is $775,000, which will be paid for with private utility and local funds. This project will be bid and completed in the fall of 2016.

TEEN PROGRAMS

Celebrate Teen Read Week with special events and activities. Watch www.coralvillepubliclibrary.org/teens for details!

Teens Vote for Top Ten Reads

The Teens’ Top Ten is a “teen choice” list, where teens nominate and choose their favorite books of the previous year. To get in on the action:
- Read some of this year’s nominated books on display at the Library.
- Readers ages 12 to 18 can vote online between August 15 and October 15 at www.ala.org/yalsa(reads4teens).
- The ten books to receive the most votes will be named the 2016 Teens’ Top Ten. The winners will be announced the week after Teen Read Week.

Join our Teen Advisory Board

First Thursday of the month  |  7:00-8:00 pm  |  7th to 12th graders
Help plan and implement teen programs, recommend materials for the library, and talk about ways to make teens’ library experience better. Pick up an application at the Circulation Desk or download it from www.coralvillepubliclibrary.org/teens.

How The Flamingo Rising Raised Eyebrows

How does a book taught in public and parochial high schools become a national bestseller, a Hallmark Hall of Fame family movie, and still end up on the American Library Association list of “Banned Books?”

Join us at the Coralville Center for the Performing Arts to celebrate Banned Books Week with local author Larry Baker, whose novel The Flamingo Rising was challenged at an Illinois high school in 2010. Baker not only explains everything, but will also read aloud from the specific chapter that led to the book’s condemnation.

BANNED BOOKS WEEK

Celebrate the Freedom to Read
September 25-October 1, 2016

Banned Books Week celebrates the freedom to read and highlights the value of free and open access to information. The annual event brings together librarians, booksellers, publishers, journalists, teachers, and readers in shared support of the freedom to seek and to express ideas, even those considered unorthodox or unpopular. Learn more at www.bannedbooksweek.org, and see banned books in action at the Library’s live reading display!

SEPTEMBER IS LIBRARY CARD SIGN-UP MONTH

If you live in Coralville, you are one step away from free access to over 100,000 books, movies, CDs, magazines, newspapers, audio books, emedia, online resources, computers, and $1.00 a day in free printing.

To get a library card, stop by the Library with a photo ID and proof of your current address. Or, preregister online (www.coralvillepubliclibrary.org and choose My Account) and complete your registration at the Library with a photo ID and proof of address. Children under age 14 must be accompanied by a parent or guardian to provide identification and proof of address.

Did you lose your library card? The Library offers free replacement cards throughout September. And if you have long overdue materials, September is the month to bring them back: we’ll check in library materials fine-free all month long!

Too Toxic To Trash

What is household hazardous waste?
Hazardous wastes can be found throughout the home, especially in the garage, kitchen, bathroom, and basement. Words such as DANGER, WARNING, and CAUTION on the labels are signals of hazardous waste.

Proper disposal
Hazardous chemicals don’t belong in your garbage, down the drain, or in our waterways.
Coralville residents can get rid of household hazardous waste year-round by appointment at the Hazardous Waste Collection Facility at the landfill (3900 Hebl Avenue, Iowa City) at no charge (call 319.356.5185). Or, dispose of hazardous chemicals at the mobile hazardous waste clean-up day in Coralville on October 7.

ROUNDABOUT REMINDERS

1. SLOW BEFORE ENTERING to anticipate gaps in traffic, and prepare to yield.

2. YIELD TO VEHICLES FROM THE LEFT. If no vehicles are coming from the left and no pedestrians are in the crosswalk, there is no reason to stop.

3. ONCE YOU ARE IN THE ROUNDABOUT, YOU HAVE THE RIGHT OF WAY and entering traffic must yield to you.

4. STAY TO THE RIGHT of the central island. Traffic moves counterclockwise in a roundabout.

5. WATCH FOR BICYCLES AND PEDESTRIANS, and use your right turn signal when exiting the roundabout.
