Fall into Autumn

Experience the changing leaves, celebrate all that is Hawkeye, visit a new park, and more this fall in Coralville.
Creatures Among Us
Dealing with Urban Wildlife

Like many cities, Coralville is home to a variety of wildlife species, including species you may see during the day and others which are present but active only at night. While some types of wildlife may be welcome—for example, we may try to attract birds with a birdfeeder—how do we deal with urban wildlife when our interactions with these animals are unwanted?

About Animal Control
The primary responsibility of Coralville Animal Control is to regulate and license domestic animals within the City limits. Animal Control investigates all animal bites, animal neglect, abuse, and abandonment cases. But beyond domestic animals, the Coralville Police Department receives reports and requests to remove wild animals from residential areas of the city—including raccoons, skunks, groundhogs, opossums, deer, cougars, coyotes, and bobcats. These reports tend to increase in the spring and through the fall and winter when the animals become more visible. During these seasons they move into urban areas to take advantage of the food, warmth, and fresh water not always as readily available in the wild as in neighborhood backyards.

Balancing the Human-Wildlife Equation
It is the philosophy of the Coralville Police Department to respect the balance of the human-wildlife equation in urban areas and foster practices which reduce the need to actively manage wildlife. Often, the beauty and natural features that draw us to any particular neighborhood are the same features that provide native wildlife with the food, water, and shelter they require to survive and flourish. As long as these conditions exist, removing an offending animal merely creates an opportunity for others to migrate into the vacated area. Trapping and relocating wildlife is seldom successful and often leads to the needless suffering and death of the animal. It is our desire to prevent the unnecessary destruction of wildlife when it serves no sustainable purpose.

Coralville Animal Control
The Animal Control division of the Coralville Police Department responds to animal complaints and issues, and investigates all animal bites, neglect, abuse, and abandonment cases. Animal Control focuses on domestic animals, but is available for consultation for concerns about wild animals.

Call Coralville Animal Control at 319.248.1800 to:
• Report animals at large, injured animals, and animal bites
• Report a lost or found animal
• Report animal cruelty, abuse, or neglect
• Purchase a pet license
• Ask about wildlife problems
URBAN WILDLIFE

There is an opossum on my property. What can I do?

If a particular animal becomes a nuisance, and deterrent strategies are ineffective, contacting a licensed wildlife removal service may be the best course of action. A professional service is recommended for removal of bat colonies, multiple animals, and animals within attics, crawlspaces, roofs, chimneys, and soffits. Coralville Animal Control has a limited number of live traps available for use by residents. If other remedies fail, a trap may be provided for wildlife causing structural damage to property and for removal of animals from interior spaces. Traps must be monitored by the homeowner at least hourly and used with humane methods.

There is a dead animal in the street. Who will remove it?

Contact the Streets Department at 319.248.1740 to remove a dead animal located within street right of way. If a dead animal is on private property, the property owner should move the animal to the curb and contact the Streets Department to pick it up.

If a dead animal is on City property, such as in a park or on a trail, contact the Parks Department at 319.248.1780. If the animal is in timber areas, it will be allowed to decay naturally unless it is adjacent to a trail or park area that is reasonably expected to be accessed by public.

There are geese near the pond and droppings are everywhere! Can you help?

Migratory waterfowl can be found on any open water throughout the city year-round. Ducks and geese are protected by federal, state, and local law, and it is illegal to take, injure, harm, or harass ducks and geese or their eggs and nest outside of the regulated hunting season. Local ordinance prohibits the feeding of ducks and geese. During the spring, ducks and geese spread out in search of a suitable nesting site that is well-camouflaged and within walking distance of open water. Often that takes them to landscape shrubbery in neighborhoods, park ponds, retention basins, and swimming pools.

While both ducks and geese will be protective of the nest, geese are much more aggressive in their defense. It may be inconvenient to avoid nesting areas, but it will be for a relatively short period of time as eggs hatch in 28 to 30 days and the nest will be vacated shortly thereafter. Problems caused by nuisance waterfowl should be addressed to the Iowa Department of Natural Resources (see www.iowadnr.gov/Hunting/Landowner-Assistance/Wildlife-Damage-Management).

A Lost Pet’s Ticket Home

A pet license can help reunite you with your furry companions if they ever go astray

Why Your Pet Needs a License

A license tag on your pet’s collar is the fastest way to reunite you with your pet if they are ever lost. When animals wind up in shelters without any form of identification, it can be difficult to find their owners. In Coralville, all dogs and cats more than four months old are required to be licensed with the City and vaccinated against rabies. Dogs and cats must wear their license tag whenever they are off their owner’s property. By having—and wearing—a City license tag, officers can confirm the animal is up to date on rabies vaccinations and look up the animal’s information in hopes the lost pet can be returned safely home.

How to License Your Pet

Bring a current rabies vaccination certificate to the Coralville Police Department (1503 5th Street), 7:30 am to 7:00 pm Monday through Friday, along with your license fee payment.

License & ID Tag Fees*

$1 | Puppies and kittens under four months of age
$5 | Per year for all spayed and neutered dogs and cats
$30 | Per year for all dogs and cats that are not spayed or neutered

*Senior citizens (age 60 and older) receive a 50% discount. License fee is waived with proof of registration for service animals.

Expired Licenses

Pet licenses expire at the same time as the rabies vaccination. A late fee equal to the cost of the license is charged 30 days after a license expires.

For more tips and guidelines concerning wildlife within the City of Coralville, visit www.coralville.org/animalcontrol.
Notes to Know

What Do I Do with Old Pumpkins?
After tricks and treats are done, get rid of pumpkins by putting them in your yard waste (and not your garbage). Make sure to remove anything non-organic, like candles. Remember that pumpkins can be heavy, and yard waste bags or containers cannot weigh over 40 pounds.

Why pumpkins don't belong in the trash: When a pumpkin gets tossed in the garbage it winds up in the landfill. There, it rots and emits methane gas, a greenhouse gas. Yuck!

Why pumpkins make good compost: Pumpkins are 90% water and decompose easily. Turn that ghastly gourd into something good: compost. If you have a compost bin they’re an ideal addition toward a nutrient-rich compost mix.

Fall Cleanup at Oak Hill Cemetery
Staff will remove floral arrangements and decorations in early November for the annual fall cleanup at Oak Hill Cemetery, which helps maintain and preserve the appearance of the cemetery.
Families and friends maintaining plots should remove flowers and decorations not contained on the monument or foundation before November 1. If you have loved ones in Oak Hill Cemetery and have graveside items you wish to keep, please visit the gravesite and remove the items prior to cleanup. For more information, please call the Coralville Parks Department at 319.248.1780.

How to Report a Streetlight Outage
The majority of streetlights in Coralville are owned and maintained by Linn County REC and MidAmerican Energy. The City owns and maintains some decorative street lighting throughout Coralville. If a streetlight is out, report it to the party that owns it:

If the streetlight is on a wooden pole, use the electrical service boundary map at www.coralville.org/streetlights to determine which utility company to contact: Linn County REC at 800.332.5420, or MidAmerican Energy at 888.427.5632.

If the streetlight is on a decorative metal pole, it is likely owned by the City and can be reported to the Coralville Streets Department at 319.248.1740.

If you are unsure who owns and maintains the streetlight, please contact the Coralville Streets Department at 319.248.1740 and we will forward the request.

Please provide this information:
- Streetlight location (street name, address, or closest intersection, and which side of the street)
- Type of problem (doesn’t light, buzzes, flickers, stays on)
- Your contact information

Where You Can (And Can't) Place Campaign Signs
When posting a temporary yard sign to support a campaign or cause, keep the following in mind:

- It’s okay to put a temporary yard sign on residential property.
- You must have permission of the property owner before placing a political sign anywhere, including vacant property.
- Do not put a temporary yard sign in the right of way—the area between the sidewalk and the street—including street corners, road medians, roundabouts, and utility poles.

To notify the City about signs in the right of way, call the Building and Zoning Department at 319.248.1720. Signs placed in the right of way or on public property will be removed as the City is notified and as staffing permits.

Can I Rent My Home as an Airbnb?
Coralville homeowners can rent their property for short stays (for less than 90 days at a time) if they have a valid rental housing permit and can meet the Short Term Rental Ordinance requirements (Ordinance 145.05A). This ordinance helps regulate short term rentals and balances neighborhood livability with private property owners’ rights.

Under State law, fines for violating the ordinance are $750 for the first violation, and $1,000 per day that the violation continues—so know what’s required for short rentals: along with requiring a valid rental housing permit, a short term rental must pass biannual rental inspection and be owner-occupied. The owner must be living on-site and present the entire length of the rental, and must pay hotel/motel tax for the first 30 days of the short term rental.

Some homeowner’s association (HOA) or condo owner’s association covenants may restrict short term rentals. For more information, visit www.coralville.org/rentalhousing or call 319.248.1720.

Recycle Your Corrugated Cardboard
Please, recycle your corrugated cardboard; it is not allowed in your trash. It is estimated that the corrugated cardboard ban at the Iowa City Landfill—which services Coralville—diverts about 4,000 tons of cardboard from the landfill each year.

Remember, there’s one small exception to recycling corrugated cardboard: cardboard that has food on it (like pizza boxes) cannot be recycled and goes in the trash. (Tip: If pizza boxes are messy, tear off the top of the box to recycle the clean part. Then place the greasy part of the pizza box in the trash).

Coralville offers curbside recycling and trash collection for single family and duplex housing. If you do not have on-site recycling collection, take corrugated cardboard to the Coralville Drop-Off Recycling Center at 950 Hughes Street, or any recycling drop-off location in Johnson County. Learn more at www.coralville.org/recycling.
Trim Up & Limb Up

Check to see if your trees and bushes encroach sidewalks or hang over the curb

When overgrown vegetation crowds a sidewalk, it is difficult (and sometimes hazardous) to use the walkway. When trees and shrubs encroach streets, they can cause poor visibility, contribute to accidents, and can be damaged—or even cause damage—when vehicles cannot clear them.

Look at the trees and shrubs on your property to see if any need to be trimmed. City code (150.13) requires:

- A minimum clearance of 15 feet over streets
- A minimum clearance of 9 feet over sidewalks
- Trees or shrubs should not block street lights, the view of traffic signs, or the view of any intersection

If your limbs are due for a trim, check with a tree care professional about the best time of year for pruning.

In the fall of 2018, the City will inspect zone 3 in the northwest part of Coralville, located north of Interstate 80 and west of the CRANDIC railroad. Staff will also inspect low-hanging trees and shrubs throughout Coralville on a complaint basis year-round; property owners are notified when trimming is needed. For more information, contact Alex Buhmeyer, Parks Superintendent, at 319.248.1780 or abuhmeyer@coralville.org.

---

Fall Leaves

Yard waste pickup is on regular garbage days until late November, weather permitting

How to prepare leaves:

- **Yard waste bag:** Put leaves curbside in Coralville biodegradable yard waste bags ($1 each; buy at Coralville Hy-Vee, Theisen’s, and City Hall)
- **Container:** Put leaves curbside in a 33-gallon container with an annual yard waste sticker ($25; purchase at City Hall)
- **Mulch/compost leaves** for your own use

Leaf Collection Tips

- Use only Coralville yard waste bags. Other bags will not be picked up.
- Don’t place leaves in plastic bags; they cannot be recycled
- Don’t rake leaves into streets, ditches, or drainage ways—this clogs storm drains
- Loose leaf piles are not collected

Why we pick up bagged leaves instead of vacuuming

Weekly curbside pickup of bagged or canned leaves allows residents to dispose of leaves on their regularly scheduled weekly garbage day. Other collection options, such as vacuum trucks, operate on a more limited schedule with just a few passes through each neighborhood, and are subject to weather delays or mechanical problems when the vacuum sucks up items hidden within the leaves.

Some leaves naturally find their way into the gutter, but the quantity is greatly reduced by containing leaves in biodegradable bags or yard waste cans. Loose leaves raked in advance to curbs can blow back into yards, or worse yet, clog storm drains, obstructing the flow of stormwater runoff and carrying lawn pollutants into waterways.

---

Brush & Tree Limbs

Yard waste pickup is on regular garbage days until late November, weather permitting

How to prepare pickup:

- Securely tie brush and tree limbs in bundles
- Bundles should be no greater than 18 inches in diameter
- Individual limbs must be no larger than 2 inches in diameter and 4 feet long
- Stickers are not required; there is no charge for the pickup

---

www.coralville.org 319.248.1700
FALL 2018

**LABOR DAY HOLIDAY**
City Offices & Library: Closed
Transit: No buses running
Recreation Center & Indoor Pool: Open; facility hours may vary
Trash & Recycling: Pickup one day later than usual all week

**FALL MAYOR’S CLEAN UP WEEK**
What: Free pickup of large trash items
When: Set items curbside up to 24 hours before or by 7:00 am on trash collection day
Accepted: Large items that won’t fit in your trash cart, like furniture or bathroom fixtures
Not accepted: Appliances, construction materials, electronics, or hazardous materials
Please: Tag extra garbage bags as usual
More info: 319.248.1740

**COMMUNITY SHRED DAY**
When: 8:00 am to noon
Where: City Hall parking lot, 1512 7th St.
What: Residents can bring unlimited cardboard boxes with personal papers to be shredded on site, sponsored by the City of Coralville

**CORALVILLE FIRE DEPARTMENT OPEN HOUSE**
What: Visit the Coralville Fire Department, view fire trucks, talk with local firefighters, learn about fire prevention, and enjoy refreshments.
When: 12:00-4:00 pm
Where: Fire Station #1, 1501 5th Street
More info: 319.248.1835

**TRICK OR TREATING**
Wednesday, October 31
When: 5:30 to 8:00 pm, rain or shine
Where: Throughout Coralville

**VETERANS DAY HOLIDAY (observed)**
City Offices & Library: Closed
Transit: Running normal schedules; free rides for veterans and eligible veterans using ADA paratransit service
Recreation Center & Indoor Pool: Open; facility hours may vary
Trash & Recycling: Pickup one day later than usual all week

**AISLE OF LIGHTS**
What: Coralville’s 38th annual Aisle of Lights. Sacks and sand donated by local businesses, and all residents are invited to participate.
When: 5:00 to 9:00 pm. Held snow or shine, and will not be rescheduled if the weather doesn’t cooperate. In the event of wind, sleet, or rain, light luminarias as you are able.
More info: www.coralville.org/aisleoflights
Meet the Chief

Orey Schwitzer
Appointed Coralville Fire Chief

In June 2018, the Coralville City Council unanimously approved the appointment of Orey Schwitzer to the position of the Coralville Fire Chief.

Schwitzer has been a firefighter with the Coralville Fire Department for 23 years, starting as a Volunteer Firefighter in 1995. He was promoted to Volunteer Lieutenant and Volunteer Captain, then hired in a full-time position as Fire Prevention Officer in 2003. He served as Interim Chief following the retirement of Fire Chief Dave Stannard in spring 2018. Schwitzer is a member of the Iowa Fire Chiefs Association, Iowa Firefighter Association, and Iowa Fire Marshal Association. He has lived in Coralville for 24 years.

Fire Department Open House

Sunday, October 14 | 12:00-4:00 pm
Stop by for safety demonstrations, truck tours, free popcorn and refreshments!

Fire Department Chili Supper

Sunday, October 14 | 4:00-8:00 pm
Free will donations will benefit the MDA and the St. Florian Fire & Burn Foundation. There will be a vegetarian option available.

Look for places fire could start. Take a good look around your home. Identify potential fire hazards and take care of them.

Listen for the sound of the smoke alarm. You could have only minutes to escape safely once the smoke alarm sounds. Go to your outside meeting place, which should be a safe distance from the home and where everyone should meet.

Learn two ways out of every room and make sure all doors and windows leading outside open easily and are free of clutter.

The annual Fire Department Open House closes out Fire Prevention Week, October 7-13.
Work Continues toward Finishing 1st

1st Avenue between 6th Street and 9th Street is undergoing total reconstruction in 2018.

Major road reconstruction continues on the final section of 1st Avenue that needs to be improved south of Interstate 80.

The 6th Street connection to 1st Avenue is scheduled to re-open in mid-August. New street paving on the west half of 1st Avenue will near completion in early September. Brick pavers, new sidewalks, and lighting installations are ongoing along the west side of 1st Avenue.

Once reconstruction on the west half of the 1st Avenue project is complete (expected in mid-September), traffic will shift onto the new pavement, and reconstruction of the east half of 1st Avenue from 6th Street to 9th Street will begin. Construction of the east half is expected to move at a faster pace due to less underground utility work to complete ahead of paving. Traffic on 1st Avenue will remain one lane in each direction through the project corridor until the project is substantially complete in late November.

Construction continues with:
- Traffic delays, including Coralville Transit; allow extra travel time
- Single lane traffic in both directions
- Access to businesses and pedestrian access

After work is complete, this stretch of 1st Avenue will have:
- Four through lanes and one continuous center turn lane
- New 10 foot wide sidewalks on both sides
- Upgraded traffic signals at E. 7th Street
- New traffic signals at 6th Street with a new four-leg intersection at 1st Avenue and 6th Street to accommodate a future connection of E. 2nd Avenue on the east leg
- A reconfigured railroad crossing
- New public utilities (storm sewer, sanitary sewer, and water main)
- New roadway lighting and streetscaping
- Safer and smoother travel

TIMELINE

Construction started in March 2018. The street, sidewalks, and traffic signals are expected to be substantially complete by late 2018. Landscaping and final work will be complete in spring 2019.

LEARN MORE

www.coralville.org/Finishing1st

Clear Creek Trail Phases 6 & 7

The Clear Creek Trail, which currently runs south of Highway 6 along Clear Creek for 4.3 miles, will be extended from east of Deer Creek Road to Creekside Ballpark, and then under bridges on both Interstate 80 and Interstate 380 to connect with Tiffin’s Clear Creek Trail west of Interstate 380. The 1.9 mile, 10 foot wide paved trail also includes two bridge crossings over Clear Creek.

This project received $1,112,600 in federal funds and was bid in January 2018. The low bid of $1,758,552.84 was submitted by Iowa Bridge and Culvert of Washington, Iowa. Construction began in March 2018. The goal is to open the trail from east of Deer Creek Road to Creekside Ballpark in the fall of 2018. As of publication, the City and the Iowa Department of Transportation are looking at the potential acceleration of the I-80/I-380 interchange bridge construction schedule and its impact of the trail construction under the two interstates.
When the Coral Ridge Avenue reconstruction project from Oakdale Boulevard to Forevergreen Road is completed, Coral Ridge Avenue will host the largest green infrastructure project in Iowa. Bioretention cells and bioswales along Coral Ridge Avenue—from Holiday Road stretching all the way to Forevergreen Road—improve the quality of stormwater that is generated off the roadway and reduce flash flooding caused by larger rain events.

Progress Continues on Coral Ridge Avenue

Coral Ridge Avenue from Oakdale Boulevard to Forevergreen Road is undergoing total reconstruction in 2018.

Construction moves ahead on the final section of Coral Ridge Avenue that needs to be improved. A majority of the mainline street paving is complete on Coral Ridge Avenue from Oakdale Boulevard to Forevergreen Road. The remaining pavement work consists primarily of hand pours at each intersection, including the new turn lanes.

Work also continues on the new permanent street lighting, traffic signals, corner treatments, sidewalks, and center medians. The overall detour route for Coral Ridge Avenue remains unchanged (using Oakdale Boulevard, Crosspark Road, and Wheaton Road). Substantial completion is expected by mid-November.

Construction continues with:
- Traffic delays; allow extra travel time
- Single lane traffic in both directions through the project corridor
- A detour using Oakdale Boulevard, Crosspark Road, and Wheaton Road
- Access to businesses and pedestrian access

After work is complete, this one mile stretch of Coral Ridge Avenue will have:
- Four lanes (widened from the current two lanes), with a raised center median and dedicated turn lanes at all intersections
- Upgraded traffic signals at both Oakdale Boulevard and Forevergreen Road
- New traffic signals at both University Parkway and Wheaton Road
- New pedestrian tunnel just north of Oakdale Boulevard
- New 10 foot wide trail along the west side of Coral Ridge Avenue
- Stormwater management enhancements
- New roadway lighting and landscaping
- Safer and smoother travel

**TIMELINE** Construction started in March 2018. The street, trail, and traffic signals are expected to be substantially complete by late 2018. Landscaping and final work will be complete in spring 2019.

**LEARN MORE** [www.coralville.org/CoralRidgeAve](http://www.coralville.org/CoralRidgeAve)

Iowa Arena Update

Work has begun to prepare the site of the Iowa Arena at the corner of E. 9th Street and E. 2nd Avenue. Grading is expected to be complete by fall 2018, and the 5,100 seat multi-purpose arena located in the Iowa River Landing is anticipated to open in 2020. Check [www.iowaarena.com](http://www.iowaarena.com) for construction news and updates.
The fall season is an ideal time for deep tine aeration and adding compost to lawns. Deep tine aeration creates macro-pores in the soil with tines longer than four inches, which provide deep drainage, break through soil layers, and allow grass to form deeper roots. Spreading a layer of compost over the top is a soil quality restoration recipe for yards to soak up more rain water and build a greener, sustainable lawn without chemicals.

For residents considering ways to improve their lawn’s health, funds may be available through Coralville’s Stormwater Cost Share Program. If you are a Coralville resident or business property owner, the City will contribute half the cost, up to $2,000, to help incorporate water quality practices into your landscaping and lawn care. The program can also help address situations such as missing topsoil or poor drainage.

Enrollment is required before completing the work. For more information, see www.coralville.org/stormwaterBMP or contact: 319.248.1720

Amy Foster, Stormwater Coordinator  |  afoster@coralville.org  |  319.248.1720

**Compost and seed topdress a lawn following deep tine aeration**
FRYfest is a “celebration of all that is Hawkeye” on the Friday before the first home football game.

**FRYfest**

**August 31, 2018**

**ALL DAY**

Celebrate the 10th year of FRYfest with an ode to Nile Kinnick’s 100th birthday and a panel discussion with 1983 coaching staff, widely regarded as the top of the greatest coaching tree in the history of college football.

At this one-day, family-friendly event, fans can live, eat, and breathe the Hawkeyes. With activities ranging from the “World’s Largest Hawkeye Tradeshows” to the signature Hawkeye pep rally, there is no shortage of black and gold spirit to experience. FRYfest is a Hawkeye heaven, and it has been said that the annual festival is so full of spirit that it even makes those new to the area (or less sports-minded) feel like they’ve always been a Hawkeye.

**WHY FRY?**

FRYfest is named in honor of former University of Iowa football coach Hayden Fry, said to be one of the greatest Hawkeyes of all time.

**FREE EVENTS & ACTIVITIES**

- **9:00 am-2:00 pm** FRYfest Blood Drive
- **10:00 am-3:00 pm** Hawkeye Collector’s Showcase
- **10:00 am-8:00 pm** World’s Largest Hawkeye Tradeshows & Activities, including:
  - 60+ booths with the latest and greatest Hawkeye swag to buy
  - 1983 Football Coaching Panel Discussion & Autographs
  - 2018 Hall of Fame Inductee Panel Discussion & Autographs
  - Hawkeye Fashion Show & Product Showcase
  - Ultimate Hawkeye Trivia Challenge
- **2:00 pm** Bags Tournament**
- **7:00 pm** Pep Rally

**PARKING**

**BIKES:** Free bike parking in front of AAA Mechanical (832 Quarry Road)

**VEHICLES:** $5 pre-pay event parking at:
- **ALL DAY:** Iowa River Landing north parking ramp (adjacent to the Coralville Marriott Hotel & Conference Center). Free for Marriott overnight guests with pass.
- **ALL DAY:** Coralville Marriott Hotel & Conference Center south lot (adjacent to High Porch Block Party)
- **AFTER 5:00 PM, IF OTHER LOTS ARE FULL:** Coralville Transit Intermodal facility (906 Quarry Road) or University of Iowa Health Care ramp (921 Ponseti Way).

**CONNECT WITH FRYfest!**

**3:00 pm** High Porch Block Party opens, happy hour begins

**6:00 pm** Outdoor concert: Pianopalooza

**8:00 pm** Outdoor concert: The Pork Tornadoes

**10:00 pm** Fireworks

**IN CORALVILLE’S IOWA RIVER LANDING**

FREE & OPEN TO THE PUBLIC

(HIGH PORCH BLOCK PARTY IS $5)

Celebrate the 10th year of FRYfest with an ode to Nile Kinnick’s 100th birthday and a panel discussion with 1983 coaching staff, widely regarded as the top of the greatest coaching tree in the history of college football.

CHILDREN’S SERVICES

CHILDREN AND FAMILY PROGRAMS

Age 3-5 | Preschool Storytime | Tuesdays | 10:30-11:00 am
Listen to stories, sing, and participate in a range of activities planned just for preschoolers.

Children under Age 3 & Caregivers | Thursdays | 10:15 or 11:15 am
(Program is repeated; choose either time) Young children and their caregivers can enjoy rhymes, songs, finger plays, and books.
Approximately 25 minutes.

Grades K-6 | Kids Create | First Thursday of the month | 2:30-3:30 pm
This after school program features a different activity each month, like crafts or Legos. Signup starts a week in advance online, at 319.248.1850, or at the Children’s Desk. (Fall dates: September 6, October 4, November 1)

All Ages | Family Night at the Library | Second Monday of the month | 6:30-7:30 pm
Family nights are for all ages and might involve crafts, games, stories, music—or any combination. (Fall dates: September 10, October 8, November 12)

All Ages | Family Storytime | Saturdays | 10:30-11:00 am
Children and their families engage in stories, music, and poems planned for a broad age range.

For more details, see www.coralvillepubliclibrary.org/children

STORYTIME TO GO

Have you checked out our newest collection, Storytime to Go? Centered on a topic, these preschool book bags include five to seven fiction and non-fiction books, a children’s magazine containing poetry on the topic, and a sheet of rhymes, fingerplays and songs.

ADULT PROGRAMS

A book-based film series for adults. Refreshments, including fresh popcorn, are provided.

Treasure of the Sierra Madre | Tuesday, September 11 | 6:00 pm
Two down-and-out Americans in Mexico meet a grizzled old prospector who piques their interest in gold hunting. Starring Humphrey Bogart and Walter Huston; directed by John Huston. Based on the novel by B. Traven.

Annihilation (R) | Thursday, September 27 | 6:00 pm
After her husband goes missing from a top-secret mission, a biologist must stop a phenomenon that threatens life on Earth. Starring Natalie Portman and Jennifer Jason Leigh. Based on the novel by Jeff VanderMeer.

Black Panther (PG-13) | Tuesday, October 9 | 6:00 pm
The heir to the hidden but advanced kingdom of Wakanda must lead his people into a new era—and face a challenger who threatens the world. Starring Chadwick Boseman, Michael B. Jordan, and Lupita Nyong’O. Based on the Marvel Comics character.

It (R) | Tuesday, October 30 | 6:00 pm
When children begin to disappear in Derry, Maine, a group of kids must square off against an evil clown. Starring Bill Skarsgard and Finn Wolfhard. Based on the novel by Stephen King.

The Bridge on the River Kwai (PG) | Thursday, November 8 | 6:00 pm
British POWs must construct a bridge for their captors at the same time the Allies are planning to destroy it. Starring William Holden and Alec Guinness; directed by David Lean. Based on the novel by Pierre Boulle.

Trivia Night
Thursday, September 6 | 6:00 pm
Put on your thinking caps for another trivia night with prizes, refreshments, and a good time! No need for a team; we will create those at the start of the evening.

Bizarre History of Iowa
Wednesday, October 10 | 7:00 pm
Paranormal researcher Chad Lewis shares his experiences and research about phantom animals, mysterious UFOs, and the things that go bump in the night...in Iowa!

Special Thanksgiving Film Screening
Planes, Trains & Automobiles
Wednesday, November 14 | 6:00 pm
A highly strung marketing executive trying to get home for Thanksgiving meets a slovenly shower curtain ring salesman. Thus begins a three-day odyssey filled with their humorous misadventures. Starring Steve Martin and John Candy. Directed by John Hughes.
ADULT DISCUSSION Groups

Third Thursday of the month
7:00 pm

A book discussion group focused on both classic novels and recent works of fiction and nonfiction.

September 20 | A Tree Grows in Brooklyn by Betty Smith
Smith’s classic is about a young girl’s coming-of-age at the beginning of the 20th century.

October 18 | Reading With Patrick by Michelle Kuo
The daughter of Taiwanese immigrants forms a bond with her student that continues even after he is jailed for murder. Join us for this year’s One Community, One Book discussion.

November 15 | The Portrait of a Lady by Henry James
A spirited young woman inherits a large amount of money but finds her destiny overwhelming. This remains one of James’s most popular works, and is considered by many critics to be his best.

Dina Nayeri to Receive Paul Engle Prize
Thursday, October 4 | 7:00 pm
Free and open to the public

Join us at the Coralville Public Library for a special evening as writer Dina Nayeri is presented with the City of Literature’s annual and activist who has written about the life and challenges of refugees — will read from Coralville, honors an individual who, like Paul Engle, represents a pioneering spirit in the world of literature through writing, editing, publishing, or teaching, and whose active participation in the larger issues of the day has contributed to the betterment of the world through the literary arts.

Nayeri’s debut novel, A Teaspoon of Earth and Sea (2013), was translated to 14 foreign languages. Her second novel, Refuge (2017), was a New York Times editor’s choice. Her acclaimed essay “The Ungrateful Refugee,” was published in The Guardian as a Long Read and was anthologized in The Displaced, a collection edited by Pulitzer Prize winner Viet Than Nguyen.

It’s a Mystery
Second Wednesday of the month | 10:00 am
Gather for a lively and informal discussion of crime fiction. Join us for murder, discussion, coffee, and pastries.

September 12 | The Unquiet Dead by Ausma Zehanat Khan
A man falls to his death from a cliff. Police officers discover the man may be a Bosnian war criminal—and his death may not have been an accident.

October 10 | A Great Reckoning by Louise Penny
Winner of the Agatha and Anthony Awards and included on thirteen “Best of 2016” lists, Penny’s novel finds Inspector Gamache with an old map and the body of a dead professor.

November 14 | Hollywood Homicide by Kellye Garrett
After a broke actress witnesses a deadly hit and run, she sets out to solve the crime and get the $15,000 reward—and it turns out someone is trying to kill her, too.

Library Card Sign up Month
If you live in Coralville, you are one step away from free access to over 100,000 books, movies, CDs, magazines, newspapers, audio books, and emedia—plus access to a variety of databases, online resources, computers, and $1.00 a day in free printing!

To get a library card, visit the library with a photo ID and proof of your current address, or register online (www.coralvillepubliclibrary.org and click My Account) and bring your photo ID and proof of address to the library to complete your registration. Children under age 14 must be with a parent or guardian to provide identification and proof of address.

Is your library card lost? Get free replacement cards throughout September.
Do you have long overdue materials? September is the month to bring them back—we’ll check in library materials fine-free all month long.

Celebrate your right to read what you want
During Banned Books Week, September 23-29, libraries across the country highlight the value of free and open access to information. By sharing information about attempts to ban or restrict access to books and information, Banned Books Week draws attention to the harms of censorship on democracy. There are many surprising titles on the list of challenged books, as the reasons people give for challenging a book are vast.

Food for Fines in September
Bring a non-perishable food donation to the library for the Coralville Community Food Pantry during the month of September, and we will wipe out your late fines (does not apply to fees for damages or lost materials)!

Thank You to the Coralville Fire Department for the fireworks display, 4thFest volunteers, and parade entrants!
Altmair Family Park is a new park area for the City of Coralville. One of the first amenities open at Altmair Family Park is the disc golf course. The course was designed by Jeff Harper, a Coralville resident and local disc golf professional, and built by volunteers from the Iowa City Disc Golf Association and by Parks and Recreation staff. Eleven of the holes opened in July, and the other seven holes will be ready in October.

Altmair Family Park has been designed with input from the community and the Altmair family. “We are thrilled with the park and seeing people use it, just like we were able to use it as kids,” said Elaine Haddy, one of the former family owners of the park area. “We grew up playing at this farm and have memories of playing in the timber, sledding down the hills, playing in Clear Creek, and even walking the bean fields. We are excited to see other generations enjoy the park.”

Future plans for the park include rehabilitation of the barn area, and development of a family games commons with bags targets, ping pong, horseshoes, and an archery range. New trees were planted by Northwest Junior High 7th grade students this spring.

“It’s been a grassroots labor of love in preparing this already beautiful site to receive visitors,” said Sherri Proud, Director of Parks and Recreation. “Visitors will want to stop back often as we build new features at the park.”

### Free Community Meal

**Friday, September 21 | 5:00-7:00 pm**

Celebrate World Peace Day with family-friendly entertainment and a free community meal at the Coralville Public Library, 1401 5th Street, in partnership with the Coralville Community Food Pantry. Enjoy a free, locally-sourced meal and fun activities with friends and neighbors on the library lawn. If the weather does not cooperate, the meal will be moved inside the library.
