FALL 2021
Mayor & Three Council Seats on November Ballot

Coralville residents can cast their vote for the office of Mayor and three City Council positions in the City Election on November 2, 2021.

The office of Mayor and three City Council positions will be on the ballot in November. Coralville has five City Council members who serve overlapping four-year terms; the Mayor is elected for a two-year term. These at-large, non-partisan positions are elected by Coralville citizens.

Candidate Filing Information

To run for city office, candidates must:

1. **GET** the Candidate’s Guide and Nomination Papers, available at the Iowa Secretary of State’s website (https://sos.iowa.gov/elections/electioninfo/cityelections.html) and the Johnson County Auditor’s office.
2. **GATHER** at least 25 signatures of registered Coralville voters.
3. **FILE** nomination papers with the Johnson County Auditor’s Office.
   - Nomination papers can only be accepted at the Johnson County Auditor’s office (not City Hall) during the filing period from August 23 until September 16, 2021.

Once the forms are submitted to the county auditor, the signatures on the petition are checked, and the person is certified as a candidate, the county auditor will add the name to the ballot.

Voter Resources

The Johnson County Auditor’s Office handles elections. For voter registration dates, absentee ballot deadlines, early voting information, where to vote, and polling place hours:

- Visit [www.johnsoncountyiowa.gov/auditor/elections](http://www.johnsoncountyiowa.gov/auditor/elections)
- Call the Johnson County Auditor’s office at 319.356.6004.
- Email elections@johnsoncountyiowa.gov

Anyone is welcome to attend City Council meetings and participate in any of the public hearings or speak during citizen comments. Or, submit written comments to the City Clerk’s office (1512 7th St., Coralville, IA, 52241, or tjohnson@coralville.org) no later than 5:00 pm on the day of the Council meeting.

Coralville City Council meetings are open to all individuals regardless of language spoken or disability. Assistive listening devices are available. If you require a reasonable accommodation to participate, contact the City Clerk’s office at 319.248.1700 or tjohnson@coralville.org at least two business days prior to the meeting.

Where Can I Post Campaign Signs?
When posting a temporary yard sign to support a campaign or cause, keep the following in mind:
- You can put a temporary yard sign on residential property.
- Do not put a temporary yard sign in the right of way—the area between the sidewalk and the street—including street corners, road medians, roundabouts, and utility poles.
- You must have permission of the property owner before placing a political sign anywhere, including vacant property.
To notify the City about signs in the right of way, call the Community Development Department at 319.248.1720. Signs placed in the right of way or on public property will be removed as the City is notified and as staffing permits.

Can I Plant a Tree in the Right of Way?
Planting trees in the right of way (the public space between the street curb and sidewalk) requires a tree planting permit, with a permit application fee of $15. There are guidelines for placement, size, and species so that trees in the right of way do not block traffic, signs, pedestrians, or utilities.
The property owner is responsible for the cost of the tree, planting, care, and maintaining trees in the right of way.
A permit is not required to plant a tree on private property outside of the right of way.
For information about tree selection, restrictions, permit, and placement in the right of way, contact the Coralville Parks Department at 319.248.1780 or visit www.coralville.org/trees.

What Are Brownfields?
Brownfields are abandoned, idled, or underused industrial and commercial properties where expansion or redevelopment is difficult because of real or perceived contamination.
The City of Coralville has been consistently interested in redeveloping brownfield properties because they tend to be:
✓ in great locations in developed areas of the city.
✓ on existing infrastructure systems (streets, water lines, sewer lines, etc.).
✓ an eyesore where redevelopment would improve the community’s character.
One of the more challenging aspects of brownfield redevelopment is land assembly; working with numerous land owners to assemble larger, contiguous parcels that are suitable for redevelopment takes time, patience, and commitment. The transformation of Coralville’s Iowa River Landing is an example of the City’s brownfields redevelopment work. In designing and developing the Iowa River Landing, care was taken to protect the natural environment. Features such as permeable pavement, stormwater retention, and a green roof on Xtream Arena minimize runoff that could carry surface contaminants into the Iowa River.
The City has been active in the EPA Brownfield Assessment Grant program since the initial pilot program in 1998. Learn about brownfields at www.coralville.org/brownfields.
Help Your Neighbors Keep Their Water On

Utility assistance fund is accepting donations

Would you like to help your neighbors keep their water on? Your donation to Neighbors Helping Neighbors, a utility assistance fund, can do just that, and the City of Coralville will match each $1 donation with $0.25. Here’s how to donate:

ONLINE  I  Visit www.coralville.org/neighbors to complete the form and donate by credit card.

BY MAIL WITH YOUR PAPER UTILITY BILL  I  Add the donation to your payment. Write the donation amount in the box that says, “Optional Neighbors Helping Neighbors donation.”

IN PERSON  I  Stop by City Hall, 1512 7th Street, open weekdays from 7:30 am to 5:00 pm (excluding holidays).

DROP OFF  I  Drop off a donation 24 hours a day at the drive-up/walk-up box by the City Hall parking lot, 1512 7th Street. Please place your donation in a sealed envelope and mark it with “Utility Assistance Fund.”

Funds will be distributed as they are available through United Way of Johnson and Washington Counties. Call 319.338.7823 if you need help with your bill.

All donations will assist Coralville residents.

Assistance is available on a first come, first serve basis to provide approximately five qualifying homeowners in Johnson County (outside of the City of Iowa City) with grant assistance for necessary home repairs and residential accessibility. Eligible projects include roofs, windows, doors, siding, HVAC, plumbing, and safety concerns.

To qualify, homeowners must have an income below 80% of the area median income. This program is made possible by the Housing Trust Fund of Johnson County, in conjunction with Hills Bank and Trust Company, the Federal Home Loan Bank (FHLB) of Des Moines, and the East Central Iowa Council of Governments (ECICOG).

Assistance is in the form of a five-year forgivable loan. If the homeowner remains in the home for five years, they will owe nothing on the assistance provided. If the homeowner sells the property before the five year period expires, the homeowner must repay the pro-rated portion. Participants will engage in a financial education program to help ensure that homeownership expenses are included in their household budget.

For more information about the Johnson County Housing Rehabilitation Program, visit www.htfjc.org/rehab, or contact Mark Culver, East Central Iowa Council of Governments (ECICOG), at 319.365.9941, ext. 124 or email mark.culver@ecicog.org.
Public streets and sidewalks are for everyone’s use. But when overgrown plants or bushes crowd the sidewalk, or when tree limbs hang too low above the walkway or street, they are more than a hassle: they are a hazard.

Overgrown vegetation can block visibility and contribute to accidents. Limbs hanging over sidewalks can send a bicyclist to the ground, and tree limbs that hang too low over the street can be damaged—or even cause damage—when vehicles cannot clear them.

Check the trees and shrubs on your property and remove any vegetation that blocks or grows into the sidewalks, or hangs too low over sidewalks or streets. City code (150.13) requires:

- A minimum clearance of 15 feet over streets
- A minimum clearance of 9 feet over sidewalks
- Trees or shrubs should not block street lights, or the view of traffic signs or any intersection

If your limbs are due for a trim, check with a tree care professional about the best time of year for pruning.

Beginning in October 2021, the City will inspect Zone 1 in Coralville, located in the southern part of the city. Staff also inspect low-hanging trees and shrubs throughout Coralville on a complaint basis year-round; property owners are notified when trimming is needed.

For more information, call 319.248.1780 or contact Alex Buhmeyer, Parks Superintendent, at abuhmeyer@coralville.org.
Iowa River Trail Opens
Rocky Shore Drive to Clear Creek

A long-awaited segment of the Iowa River Trail has opened, replacing a segment of trail lost in the 2008 floods. This 10-foot wide concrete trail extension runs from CRANDIC Park in Iowa City (near Rocky Shore Drive) to the intersection of the Clear Creek Trail and Iowa River Trail, just north of the confluence of Clear Creek and the Iowa River. The 1.6 mile route takes trail users along the Iowa River from CRANDIC Park in Iowa City to the north end of the Iowa River Landing Wetland Park in Coralville, and provides a dedicated trail as an alternative to using the side path along Highway 6.

The project included two prefabricated steel pedestrian bridge spans over Clear Creek, lighting, and benches overlooking the river at the north end of the trail bridge. Construction began in October 2020. The project was let by the Iowa DOT in August 2020, and the low bid was Peterson Contractors, Inc., at $1,250,395.65. The project received $619,000 of DOT Surface Transportation Program funds, with the remaining balance funded by the City.

Clear Creek Trail Connection
Tom Harkin Trailhead to Highway 6 (2nd St)

A frequently-requested trail connection is on schedule to become a reality next summer with construction of the Clear Creek Trail Connection along the east side of Camp Cardinal Boulevard between the Tom Harkin Trailhead (at Clear Creek) and the shared use path along the north side of Highway 6.

In addition to the new connection from Highway 6 to the Clear Creek Trail system, the project will complete the final link of a continuous shared use path on Camp Cardinal Boulevard to Melrose Avenue in Iowa City. The trail will also provide an improved pedestrian connection to the US Post Office located on the corner of James Street and Camp Cardinal Boulevard. Design will be completed this fall and the project will be bid late fall/early winter for construction in spring/summer 2022. The estimated construction cost is $512,830, with $212,000 provided through the Iowa DOT’s Transportation Alternatives Program (TAP) funds.
Learn the Sounds of Fire Safety

Fire Prevention Week Is October 3-9, 2021

Is there a beep or chirp coming out of your smoke or carbon monoxide (CO) alarm? Make sure everyone in your home understands the sounds of the alarms and knows how to respond. It can save you, your home, and your family! To learn the sounds of your smoke and carbon monoxide alarms, check the instructions that came with the alarm, or search the brand and model online.

What is your alarm telling you?

**SMOKE ALARMS**
- A continued set of three loud beeps—beep, beep, beep—means smoke or fire. Get out, call 9-1-1, and stay out.
- A single “chirp” every 30 or 60 seconds means the battery is low and must be replaced.
- All smoke alarms must be replaced after 10 years.
- Chirping that continues after the battery has been replaced means the alarm is at the end of its life and the unit must be replaced.

**CARBON MONOXIDE (CO) ALARMS**
- A continued set of four loud beeps—beep, beep, beep, beep—means carbon monoxide is present in your home. Go outside, call 9-1-1, and stay out.
- A single “chirp” every 30 or 60 seconds means the battery is low and must be replaced.
- CO alarms have “end of life” sounds that vary by manufacturer. This means it’s time to get a new CO alarm.
- Chirping that continues after the battery has been replaced means the alarm is at the end of its life and the unit must be replaced.

What if someone has sensory or physical disabilities?
Make sure your smoke and CO alarms meet the needs of everyone in your household, including those with sensory or physical disabilities.

There are smoke alarms and alert devices that alert people who are deaf or hard of hearing. These devices include strobe lights that flash when the smoke alarm sounds, or pillow or bed shakers designed to work with your smoke alarm when it sounds. Find these products online and in stores that sell smoke and CO alarms.

As part of your home fire escape drill, know who will wake up a child or adult who uses a mobility device and help them to escape.

OCTOBER 4-8, 2021
MAYOR’S FALL CLEAN UP WEEK
Who: Available to single family and duplex homes with City trash and recycling service.
What: Free curbside pickup of trash items too big to fit in your garbage cart. Some restrictions apply.

How to Get Items Picked Up
1. Put large items at the curb up to 24 hours before or by 7:00 am on your trash day.
2. Bag and tag small items. Small loose items left on the ground will not be picked up.
3. Items left at your curb after pick up are considered unacceptable. Remove them from the curb within 24 hours after your trash day.
4. Metal is picked up by a separate truck and may not occur on collection day.

Mayor’s Clean Up Week is for items that need to be thrown away. For all other items, donate or reuse.

What We Will (& Won’t) Pick Up
Accepted: Items too large for your garbage cart, like furniture, carpet, and bathroom fixtures.
Not Accepted:
• Appliances* • Concrete brick or block
• Electronics & tires* • Hazardous waste**
• Hot tubs • Wooden swing sets
• Pallets
• Railroad ties & landscaping timbers
• Construction materials (drywall, shingles, insulation, etc.)
* Picked up by appointment for a fee; schedule at www.coralville.org/specialtrash.
** Take hazardous waste to the Hazardous Waste Collection Facility.

Mayor’s Clean Up Week Rules
Weight: Must be able to be reasonably lifted by two people.
Size: Must fit in the back of the garbage truck. Take apart large items.

Why are there restrictions? Some items are hazardous to our trucks or personnel. For example, large railroad ties can puncture our trucks’ hopper and hydraulics. If you’re unsure if your items are acceptable, call 319.248.1740.

Cardboard: If you have a large amount of cardboard to recycle, take it to the Coralville Drop-Off Recycling Center (950 Hughes Street) or any recycling drop-off location in Johnson County.

Learn more: Call 319.248.1740 or see www.coralville.org/cleanup.

Library Card Signup Month & AIM Cards

September is Library Card Signup Month. Any Iowa resident is welcome to get a free library card and use materials and many of our services. Coralville residents have access to the full range of library materials and services! A picture ID and something showing proof of your current address are required to get a card.

Iowa City Community School District students can use their student ID as an AIM card (you must opt-in at school registration). An AIM card allows a student to check out three books at a time from the Coralville, Iowa City, and North Liberty public libraries – with no fines or fees! AIM cards can also be used to access ebooks, eaudios, and streaming videos. Students must have their IDs to check out, and they may also get a Coralville Public Library card for more access. Learn more at www.iowacityaimcard.org.

Free Global Community Meal

Taste the many food traditions of our community! Enjoy a sampling of tasty dishes from around the globe, selected and prepared by your neighbors. Don’t miss this free meal at the Coralville Public Library!

This event is made possible by the Coralville Community Food Pantry, Coralville Public Library, and an array of community groups and individuals with a passion for sharing their cultural traditions. This is what makes our community great! All are welcome.

Craft Kits

Look for free craft kits for all ages this fall at the library, September-December! Available while supplies last. See www.coralvillepubliclibrary.org/calendars for details.

› Teen craft kits: available the 1st Wednesday of the month.
› Children’s craft kits: available the 2nd Wednesday of the month.
› Craft to Go for adults: available the 3rd Wednesday of the month.

What to Do with Old Pumpkins

After tricks and treats are done:

1. Remove anything non-organic from your pumpkins, like candles.
2. Put pumpkins in your yard waste (and not your garbage).

Tip! Pumpkins can be heavy, and yard waste bags or containers cannot weigh over 40 pounds.

Why Pumpkins Don't Belong in the Trash: When a pumpkin gets tossed in the garbage it winds up in the landfill. There, it rots and emits methane gas, a greenhouse gas. Yuck!

Why Pumpkins Make Good Compost: Pumpkins are 90% water and decompose easily, so if you have a compost bin they’re an ideal addition toward a nutrient-rich compost mix. Turn that ghastly gourd into something that’s good for the earth!

Fall Leaves

Yard waste pickup is on regular garbage days until late November, weather permitting.

How to Prepare Leaves:

- Yard waste bag: Put leaves curbside in Coralville yard waste bags ($1 each; buy at Coralville Hy-Vee stores, Theisen’s, and City Hall).
- Container: Put leaves curbside in a 33-gallon container with an annual yard waste sticker ($25; purchase at City Hall).
- Mulch/compost leaves for your own use.

Leaf Collection Tips:

- Use only Coralville yard waste bags. Other bags will not be picked up.
- Don’t place leaves in plastic bags; they cannot be recycled.
- Don’t rake or blow leaves into streets, ditches, or drainage ways—this clogs storm drains.
- Loose leaf piles are not collected.
