City Council Meeting Accommodations

City Council meetings are open to all individuals regardless of language spoken or disability. Assistive listening devices are available upon request. If you require a reasonable accommodation to participate, contact the City Clerk’s office at 319.248.1700 or tjohnson@coralville.org at least two business days prior to the meeting.

City Council Meetings

• 6:30 pm on the second and fourth Tuesday of each month
• At City Hall, 1512 7th St. Coralville, IA 52241
• Live and rebroadcast on Mediacom 5/118-8 and www.coralville.org/CoralVisionLive
• Work sessions, open to the public, follow most meetings
• View agendas and minutes at www.coralville.org/citycouncil
• Sign up to automatically receive agendas and minutes at www.coralville.org/notifyme

The Coralville Connection

is published quarterly to keep the residents of Coralville, Iowa, informed of city news and events, construction updates, helpful hints, and useful information. It is mailed to all addresses in the 52241 zip code and available at www.coralville.org/connection.

If you have comments or suggestions about the Connection, please contact:

Kelly Hayworth, City Administrator
khayworth@coralville.org
Notes to Know

Where Can I Recycle Glass?

Coralville residents can recycle glass at the Drop-Off Recycling Center at 950 Hughes Street. Follow the signs to place recyclables in the correct bins; glass must be separated from other recyclables and only goes in the purple bin.

There are six glass drop-off locations in Coralville and Iowa City. Look for the purple bins to recycle glass at:

❯ Coralville Drop-off Recycling Center (950 Hughes St., Coralville)
❯ Upper City Park (Iowa City)
❯ Robert A. Lee Recreation Center parking lot (Iowa City)
❯ East Side Recycling Center (Iowa City)
❯ South Riverside Recycling Center (Iowa City)
❯ Iowa City Landfill and Recycling Center (Iowa City)

Glass is not accepted in the curbside recycling program. Learn more at www.coralville.org/recycling.

Where Can I Recycle Batteries?

Residents of Johnson County (which includes Coralville), Kalona, and Riverside can recycle single-use (such as alkaline) and rechargeable (such as lithium-ion) batteries at no cost at:

❯ Coralville Recreation Center (1506 8th St., Coralville)
❯ Hazardous Material Collection Facility (Iowa City)
❯ Iowa City Fire Station #2 West (Iowa City)
❯ Ace Hardware East (Iowa City)
❯ Ace Hardware North (Iowa City)
❯ Iowa City City Hall (Iowa City)
❯ North Liberty Community Center (North Liberty)

Damaged batteries or large batteries (such as lead-acid batteries) should be taken to the Hazardous Material Collection Facility at the Iowa City Landfill, 3900 Hebl Avenue SW, Iowa City.

Learn more at www.coralville.org/recycling.

Fireworks Are Banned in Coralville

It is illegal to use fireworks in Coralville, with the exception of fireworks displays handled by insured operators and approved by the City. Violators face a minimum fine of $250 and can be held liable for any damages they cause. Many surrounding communities also prohibit their use. Novelty fireworks—sparklers, snakes, or snaps—remain legal.

Even though fireworks can be sold in Coralville, they can’t be used in Coralville. The State recently passed a law requiring cities to allow the sale of consumer fireworks in commercial and industrial zoning districts. Fireworks sales require a license from the State.

To report illegal fireworks, call the Police non-emergency line at 319.248.1800 and provide the location and any additional information. Police will respond to fireworks-related calls as officers are available. Only call 911 for emergencies.

See Coralville’s annual 4thFest fireworks display on July 4 in S.T. Morrison Park at 9:45 pm. Coralville’s fireworks are discharged by trained pyrotechnicians from the Coralville Fire Department.

How Tall Can My Lawn Grow?

Property owners are responsible for mowing and trimming their property. The maximum height for grass and weeds is 10 inches (some weeds grow faster than grass, but the majority of the grass and weeds must not be taller than 10 inches; garden plants and ornamental grasses are excluded). When mowing, never leave grass clippings in the street.

Weather, time, health, and resources impact how each property owner maintains their yard. If your neighbor’s lawn is long (if the majority of the lawn area exceeds 10 inches) and it is a frequent problem, is a hazard, or affects the quality of life in the neighborhood, you can report the issue at www.coralville.org/letusknow or call City Hall at 319.248.1700. The City inspects properties when a complaint is made.
Fiber-To-Home

Internet Service Coming to Coralville

MetroNet and ImOn Communications are installing fiber optic-enabled internet service to Coralville neighborhoods – bringing robust bandwidth and increased reliability to the community.

ImOn Communications and MetroNet started construction this spring to extend fiber-to-the-home internet service throughout Coralville.

Benefits of Fiber-to-Home | A direct fiber optic-enabled internet connection brings newer technology, faster speeds, and reduced slowdowns during peak hours. This brings more convenience — whether for businesses, working from home, or downloading high-definition movies.

Connecting Your Home or Business | The network is being built through Coralville, but not to homes and businesses. Residents and businesses can opt to get connected to services from MetroNet or ImOn Communications. Both companies plan to make fiber-to-home service available as individual areas are built out, but full build-out of Coralville won’t be completed until sometime in 2023.

There is no requirement for residents or businesses to sign up for fiber-to-home service once construction is complete. Each company owns and manages their network to bring a reliable connection throughout Coralville.

What Is Being Installed | An additional telecommunications line made up of fiber optic cabling is being installed in the city’s right-of-way and utility easements. Where utilities are overhead, they will be installed on existing telephone poles; in areas where utilities are buried, cables will be installed underground.

What You Can Expect

1 | Communications: Residents and businesses in construction areas will receive communications from MetroNet and ImOn Communications, including mail and yard signs, before work begins.

2 | Utility Locates: Crews will mark underground utility locations with temporary paint and utility flags. Do not remove utility locates flags in your yard. They identify the locations of underground utilities such as public water main, sanitary sewer, and storm sewer, or private utilities like electric, gas, phone, cable, or internet.

3 | Installation: The construction phase is temporary. MetroNet and ImOn Communications contractors will use underground boring machines to install the fiber-optic cables just below the surface to minimize disturbing properties. Contractors will do their best to minimize any impact to property as they work within the utility easement areas.

4 | After Installation: Contractors will rake, seed, and straw lawns as needed in areas where digging occurred.

Contractor Access | MetroNet and ImOn Communications crews will be identifiable by ID tags and vehicles marked with the company names. MetroNet and ImOn Communications have obtained the permits to build out their network in the City of Coralville. Both companies have rights to access the right of way and utility easement areas.

When can you remove utility locate flags from your yard?

Utility companies use flags and spray paint to mark the location of underground utilities. The utility locate request ticket is valid for 20 days. If you remove flags or mow your lawn (which removes paint marks) during the 20-day window, the utility companies are required to re-mark the locates. Removing the flags/marks before construction is complete could result in delays completing the work and fixing any lawn disturbance. You may need to mow around utility locates to give a utility company enough time to complete their work.

For more information, the latest updates, and links to each company’s information, visit www.coralville.org/FiberToHome.

SUMMER 2022
Interstate 80 & 1st Avenue Interchange Improvements

This project will reconstruct the Interstate 80 and 1st Avenue interchange from its current diamond configuration (built in the 1960’s) to a newer type of interchange called a diverging diamond interchange (DDI). A DDI will improve safety while also increasing capacity. Bicyclists and pedestrians will benefit from a shared use path that has three tunnels and a bridge over Interstate 80 to keep path users separated from vehicles. The Iowa DOT is the lead agency on this project.

Coralville was awarded a US DOT BUILD Grant of $20.525 million for design and construction of the project. This grant amount is the City’s financial contribution to the project and will fund approximately 50% of the remaining design and construction costs, with the balance paid by the Iowa DOT. The project is scheduled for a summer 2022 Iowa DOT letting with construction expected to start this fall with final completion by June 2025.

Learn more about this project at www.hrgreen.com/projects/rebuilding-coralville-1st-avenue-interchange/

North Liberty Road & Forevergreen Road Roundabout

A roundabout is being constructed at the intersection of North Liberty Road & Forevergreen Road. North Liberty Road is closed to through traffic between Rustic Ridge Road and Dubuque Street, and is expected to re-open before the start of school in fall 2022. This roundabout project is developer-funded as part of the Forevergreen Heights subdivision.

To learn about this roundabout and other future projects associated with Forevergreen Road, visit www.coralville.org/ForevergreenRd.

Clear Creek Trail Connection

Tom Harkin Trailhead to Highway 6 (2nd Street)

A frequently-requested trail connection is closer to becoming a reality with the future Clear Creek Trail Connection along the east side of Camp Cardinal Boulevard between the Tom Harkin Trailhead (at Clear Creek) and the shared use path along the north side of Highway 6.

In addition to the new connection from Highway 6 to the Clear Creek Trail system, the project will complete the final link of a continuous shared use path on Camp Cardinal Boulevard to Melrose Avenue in Iowa City. The trail will also provide an improved pedestrian connection to the US Post Office located on the corner of James Street and Camp Cardinal Boulevard.

The Iowa DOT letting will be in late summer 2022, and construction is anticipated to start in fall 2022 with final completion in spring 2023. The estimated construction cost is $512,830, with $212,000 provided through the Iowa DOT’s Transportation Alternatives Program (TAP) funds.

5th Street Utility Relocations

12th Avenue to 20th Avenue

Utility relocations on 5th Street between 12th Avenue and 20th Avenue are expected to be underway in the summer and fall of 2022. Overhead private utilities are being moved underground along this stretch of 5th Street ahead of total street reconstruction in 2023.

In 2023, the total reconstruction of 5th Street from just west of 12th Avenue through the 20th Avenue intersection will include concrete street pavement, wide sidewalks, water main, storm sewer, and streetscape enhancements (decorative lighting, street trees, and stormwater planters).
If you use an outdoor wood firepit, learn how to minimize smoke exposure for you and your neighbors while safely enjoying a recreational fire.

What is wrong with this picture?
Always follow outdoor firepit requirements. In the photo above, this firepit is missing a required mesh lid, lacks fire extinguishing equipment on site, and an adult is not present.

BE NEIGHBORLY
ABOUT FIRE PITS

LEARN BEFORE YOU BURN

A firepit can create a cozy feeling, but a recreational fire that is not burned cleanly, safely, and responsibly can have unintended consequences. In Coralville, using outdoor fireplaces or firepits is prohibited when the weather or other conditions make fires hazardous, or objectionable because of smoke or odor. The combustion of a wood fire releases carbon dioxide, other gases, and fine particulate pollution into the air we share. This can make it difficult for people to breathe, especially those with certain health conditions or respiratory problems.

The good news is that by taking simple steps to reduce the amount of smoke, along with being mindful of neighbors, pets, and the environment, you can still have an enjoyable experience.

Burn Smarter | The smoke from an outdoor wood firepit can travel beyond your property and into your neighborhood. You can reduce the smoke by following these steps:

❯ Don’t burn freshly-cut wood; it has a higher water content and produces more smoke.
❯ Burn only clean, dried hardwood that has been seasoned at least six months. Dry wood burns more efficiently with less smoke.
❯ Store your firewood in a covered, dry location with good air flow. Wood exposed to wet weather and not allowed to fully dry will make your fire smokier.
❯ Use a moisture meter to check firewood (according to the EPA, moisture content is best at about 20 percent).
❯ For more information, visit epa.gov/burnwise/backyard-recreational-fires

Keep the Air Neighbor-Aware | You can have a firepit in your yard as long as you follow safety and nuisance rules. These firepit etiquette tips can help create an agreeable neighbor experience:

❯ Be sensitive to your neighbors. Pay attention to the wind direction and firepit placement, and take steps to decrease excessive smoke or odor. This can reduce the potential for negative impacts to neighbors.
❯ Have a conversation. If you are comfortable, before lighting your next fire ask your neighbors if the smoke travels into their yard and how it impacts them. An amicable conversation and being aware of any concerns can help prevent issues before they arise.
❯ Let your neighbors know when you plan to use your firepit so they can close windows and garage doors.
Outdoor Fire Pit Requirements

The only open burning allowed in Coralville are recreational fires in purchased outdoor firepits used following the manufacturer’s instructions, or in built-in outdoor fireplaces pre-approved by the Fire Chief. When using an outdoor firepit or fireplace, always follow these requirements:

❯ Never operate an outdoor fireplace or fire pit within 15 feet of a structure or combustible material.
❯ Only burn dry firewood.
❯ Outdoor firepits must be completely contained by wire mesh. A wire mesh cover/lid must be in place at all times.
❯ Outdoor fireplaces or fire pits must be constantly attended by an adult until the fire is extinguished. Never leave it while in use.
❯ Keep at least one portable fire extinguisher or other approved fire-extinguishing equipment, such as dirt, sand, water barrel, or garden hose, on site and ready for use. The fire extinguisher should have a minimum 4-A rating.
❯ Using outdoor fireplaces or fire pits is prohibited when the weather or other conditions make fires hazardous, or objectionable because of smoke or odor.

OUTDOOR FIRE PIT REQUIREMENTS

OUTDOOR FIRE PIT REQUIREMENTS

Outdoor firepits advertised as “smokeless” are not 100% smoke-free, but their double-wall structures are designed to reduce the amount of smoke that escapes into the air. When used with dry firewood and according to the manufacturer’s instructions, this type of firepit burns more efficiently with less smoke than a traditional firepit.

A “Smokeless” Option

Gas/Propane Firepits

Gas/Propane Firepits | If you love a firepit but don’t want smoke or odor, consider a natural gas or propane firepit. They are convenient, designed to be easily turned on or off, and the flame control can be adjusted. A variety of gas/propane firepits are available, from smaller, decorative tables to larger firepits rated with higher BTUs for warmth.

The same safety rules apply when using a gas/propane firepit—follow the manufacturer’s instructions, never leave your fire unattended, always have an appropriate fire extinguisher on hand, and do not operate within 15 feet of a structure or combustible materials.

SIZZLING SUMMER SAFETY TIPS

SIZZLING SUMMER SAFETY TIPS

Whether using an outdoor fire pit or grilling:
❯ Keep children and pets away and maintain a safe distance from lawn games and foot traffic.
❯ Never discard hot coals into anything except a closed, non-combustible container.
❯ Never use a propane or charcoal grill or gas/propane firepit indoors or in an enclosed space, such as a garage or screened porch.

SUMMER 2022
FunkDaddies is a funk / soul / R & B band dedicated to bringing the best, funky dance music to the Midwest, performed by highly accomplished musicians. Inspired by Tower of Power, Earth Wind & Fire, and all the great Motown artists, FunkDaddies brings a high-energy musical show to audiences.

FunkDaddies’ performances feature a dynamic, soulful sound, super-tight rhythm section, and wide-ranging vocals. Members include Anthony Hendricks (vocals), John Reasoner (guitar, vocals), Ken Duncan (drums, vocals), Ken Fullard (bass, vocals), Denny Ketelsen (Hammond B3, keyboards, vocals), and Dave Shawver (saxes, flute).

FunkDaddies has shared the stage with legendary acts, including The Beach Boys, Grand Funk Railroad, Al Jarreau, and 38 Special. To learn more about FunkDaddies, visit www.funkdaddies.com.

Night Ranger has sold over 17 million albums worldwide, performed across more than 4,000 stages, and captivated a radio audience that exceeds one billion. Their popularity is fueled by legendary titles such as “Sister Christian,” “Don’t Tell Me You Love Me,” “When You Close Your Eyes,” and “(You Can Still) Rock In America,” along with “Sentimental Street,” “Goodbye,” “Sing Me Away,” and “Four in the Morning.”

Night Ranger was one of the first big “video” bands on MTV, with over ten number one hit videos. Their songs can be heard in television shows like The Unbreakable Kimmy Schmidt, American Dad, Glee, Grey’s Anatomy, and Parks & Recreation. The band’s music has been featured in video games such as Rock Band, Guitar Hero, and Grand Theft Auto; the hit Broadway musical Rock of Ages, the Oscar-nominated film Boogie Nights, and films such as Friday the 13th, Teachers, Sixteen Candles, and The Secret of My Success. Most recently the band’s classic hit “Sister Christian” can be heard in a Dr. Pepper commercial. They can also be heard throughout JBL’s “Hear The Truth” brand campaign.

Night Ranger released their twelfth studio album, “ATBPO” (And The Band Played On), in 2021. Night Ranger is Jack Blades (bass, vocals), Kelly Keagy (drums, vocals), Brad Gillis (lead and rhythm guitars), Eric Levy (keyboards), and Keri Kelli (lead and rhythm guitars).

Water Report Available Online

Coralville’s annual Consumer Confidence Report from the Coralville Water Department is available at www.coralville.org/WaterReport. Copies are available by request at utilitybilling@coralville.org or 319.248.1770.

Utility Bill Donations

The City of Coralville, in partnership with the United Way of Johnson and Washington Counties, has a utility assistance fund, Neighbors Helping Neighbors.

You can donate to help a Coralville resident with utility bill payments, and the City of Coralville will match each $1 donation with $0.25. Learn more or donate at www.coralville.org/neighbors.

Funds are distributed as they are available through United Way of Johnson and Washington Counties. If you need help with your bill, call United Way at 319.338.7823.
On Tuesday evening, August 2, Coralville neighborhoods are invited to take part in the annual National Night Out. Turn on your porch light, lock your door, go outside, and get to know your neighbors!

National Night Out is a community-building event held one night a year for neighbors to connect. It helps strengthen police-community relationships and boosts neighborhood camaraderie.

The Coralville Police Department invites neighborhoods to host block parties on August 2. The block parties give neighbors a chance to meet through simple neighborhood events. Neighborhoods can host a party in a way that safely suits their residents. Representatives from the Coralville Police Department, Fire Department, and City Council will visit as many registered parties as they can.

Strong neighborhood ties can build community partnerships and create watchful eyes in neighborhoods, which help to promote crime prevention. Block party registration opens later this summer at www.coralville.org/NationalNightOut.

For more information, contact the Coralville Police Department at 319.248.1800.

WHAT'S HAPPENING AT THE LIBRARY

FREE CLASSES FOR ENGLISH LANGUAGE LEARNERS

Coralville Public Library’s English class for foreign-born adults will meet in person again this summer! Zoom classes are held on Wednesday and Friday mornings at 9:30 am, with a weekly in-person class at the library on Tuesdays at 6:00 pm. For more information, call the library at 319.248.1850 or email ehampe@coralville.org.

MAY 31–AUGUST 1

SUMMER READING CHALLENGES
For ages 0–99+

Read. Do. Have fun! Find our 2022 Summer Reading Challenges for all ages on Beanstack! Log your reading on the web or download the Beanstack app (scan the QR code). For more details, see www.coralvillepubliclibrary.org.

CHILDREN (babies-6th graders) | Read, try something new, earn rewards, and prevent the summer slide! Prizes include books, a summer reading t-shirt sponsored by Hills Bank, and more. For our special summer events for children and families, see www.coralvillepubliclibrary.org/calendar.

TEENS going into 7th-12th grade | Read and complete activities to earn digital badges, rewards, and entries into prize drawings. Teen programs are on Monday and Tuesday afternoons. See www.coralvillepubliclibrary.org/calendar for more details.

ADULTS | Read or listen to six books of your choice to be entered into a prize drawing. Register and participate online with Beanstack, or pick up a paper log at the library!

Friends of the Coralville Public Library Book Sale

Friday & Saturday
August 5-6
No prices, it’s a free will donation sale!

Coralville Community Fridge

The Coralville Community Fridge is now open at the library! Stop in the café space at the library and pick up a quick ready-to-go meal at no cost. Our goal is to remove barriers and foster community through sharing food. This is a partnership with our friends at the Coralville Community Food Pantry, and is possible in part due to a grant from the Iowa Department of Public Health.

CRAFTS TO GO
Monthly craft kits for all ages; see www.coralvillepubliclibrary.org/calendar for details.

Rolling out soon...our new BOOK BIKE!
Look for us on the road this summer

Teens’ Top Ten

The Teens’ Top Ten is a “teen choice” list, where teens nominate and choose their favorite books of the previous year! Read the 2022 Teens’ Top Ten nominees. Join teens across the country voting for your favorites online between August 15 and October 15 on the Teens’ Top Ten website. Learn more at www.ala.org/TeensTopTen.
ADULT PROGRAMS

A SUMMER OF HITCHCOCK
A movie series showing Hitchcock classics throughout the summer.

- **The Lady Vanishes** (1938) | Thursday, June 2 | 6:00 pm
  After a young tourist discovers her elderly traveling companion has disappeared, a musicologist assists in her search for clues.

- **Rope** (1948) | Thursday, June 23 | 6:00 pm
  Based on a play inspired by the infamous true crime of Leopold and Loeb. Two men attempt to prove they've committed the perfect crime.

- **Rear Window** (1954) | Thursday, June 30 | 6:00 pm
  A photographer (played by Jimmy Stewart), temporarily bound to a wheelchair, spies on his neighbors when he becomes convinced that one of them has committed murder.

- **North by Northwest** (1959) | Thursday, July 14 | 6:00 pm
  This is a tale of mistaken identity when an innocent man (played by Cary Grant) is pursued by agents of a strange organization. Filled with humor and suspense.

- **The Birds** (1963) | Thursday, July 28 | 6:00 pm

- **The Little Sister** by Raymond Chandler | June 8
  Set in LA during the late 1940s, this features blackmail, drugs, and murder as a private investigator sets out to find the missing brother of a young woman.

- **Figure Eight** by Jeff Nania | July 13
  After a split-second decision leads to an innocent person’s death, a decorated law officer moves to Wisconsin’s Northwoods looking for peace, but danger is waiting.

- **Northern Spy** by Flynn Berry | August 10
  A new mother is drawn into working as a double agent for the Irish Republican Army to protect her sister.

CRAFT TO GO
FOR ADULTS
Craft kits are available beginning on the third Wednesday of the month while supplies last.

- **June**
  Make a sand art mandala.

- **July**
  Make a scratch art bookmark.

- **August**
  Make a needlepoint ladybug. The Iowa Chapter of the American Needle Point Guild will be at the library to give instructions.

ADULT DISCUSSION GROUPS
Multiple copies of each book are available for checkout and are, when possible, available in large print, audio, and ebook editions. Join the discussions that intrigue you, or connect for them all.

- **Third Thursday of the month | 7:00 pm**
  To register for Zoom, email mjorgensen@coralville.org.

  - **June 16** | **Little Women** by Louisa May Alcott
    This semi-autobiographical novel follows Meg, Jo, Beth, and Amy from childhood to womanhood.

  - **July 21** | **Hamlet** by William Shakespeare
    Hamlet learns his father was murdered by Hamlet’s uncle and must prepare for revenge.

  - **August 18** | **Wide Sargasso Sea** by Jean Rhys
    Dominican-British author Rhys wrote her postcolonial prequel to Jane Eyre in 1966. This novel examines relationships, race, assimilation, and Caribbean history.

Transit: No service
Trash/Recycling/Yard waste: Pickup is one day late all week

*Hours may vary

HAPPY TAILS

SCOOP THE POOP

When it comes being a good neighbor, a little pet poop left behind is a problem. Always pick up after your pets. Not only is it the right thing to do, it helps prevent the spread of bacteria and parasites that can cause illness or linger in the soil.

Always throw pet waste bags in the trash, or take them with you if there is not a public trash can. Do not compost it or throw it in a yard waste bag.

PET LICENSES

In Coralville, dogs and cats more than four months old are required to have a City pet license and be vaccinated against rabies. They must wear their license tag whenever they are off their owner’s property. If your pet should get lost, a license tag helps confirm they are up to date on rabies vaccinations, and the tag can help reunite you with your lost pet.

License your pet or renew a pet license at the Coralville Police Department (1503 5th Street) or by mail. Pet licenses expire at the same time as the rabies vaccination. To learn more about pet licenses and fees, visit www.coralville.org/petlicense.
