Do You Have An Ash Tree?
Emerald Ash Borer (EAB) is a small, metallic green beetle that kills ash trees. In 2015, the City began a proactive, multi-year plan to monitor, treat, or remove City-owned ash trees in parks and streetscapes, as well as plant new trees to diversify Coralville’s urban forest.

Removing or treating ash trees on private property, including yards, is the property owner’s responsibility. On private property, when the City identifies a dead, diseased, or dying tree, or if a tree poses a risk to people or property, the property owner is given a notice to remove the tree at their expense. If the request is not completed, the City removes the tree and assesses the property owner on their taxes.

Ash trees infested by EAB decline quickly, become brittle, and break easily. Breaks in the wood can be hidden by tree bark. Dry, weakened branches can break and fall on people and property, even with a light breeze. If you have a dead or dying ash tree, make plans to remove it. Delaying removal can make the tree (and the process of removing it) more dangerous.

To learn more about Emerald Ash Borer, visit www.coralville.org/EAB.

Where to Park Boats & RVs
One personal boat or RV, registered to a tenant or property owner, can be parked in a side or rear yard. It must be parked on a paved surface that accommodates the wheelbase of the vehicle or trailer, and connected to the driveway. Parking is not allowed on unpaved surfaces, including the lawn.

Parked RVs or boats used primarily as storage, or as a residence on the property, are not allowed. Secure covers and tarps. Not every residential property is large enough to keep a boat or RV. Questions? Contact the Community Development Department at 319.248.1720.

Where Can I Drop Off Recycling?
Coralville residents have four places where they can drop off recycling, in addition to the City’s curbside recycling program:

The Beaker Brothers Band
6:30 pm • Free concert
For over 15 years, the Beaker Brothers Band has been paying homage to the original Jam Bands of the late 60s and early 70s—the Allman Brothers, Clapton, Santana, Little Feat, Rolling Stones, James Gang, the Doors, Steely Dan, Neil Young, CCR, and many more. They’re playing music that has been in their heads and hearts since they first heard it. It’s music played by guys who are as awed by it now as when they were in 1969. This is not your father’s rock band. No, wait, maybe it is. Join the Beaker Brothers Band for a joyride from the Summers of Love—it’ll be really groovy.

Coralville Apparel for Sale*
4:00-7:30 pm

Coralville 150th Anniversary Picnic*
5:00-7:00 pm • FREE
Enjoy hotdogs and hamburgers grilled by the Coralville Fire Department and the Coralville Police Department, along with chips and a drink, made possible in part by donations from community partners. Bring your own blankets and lawn chairs; tables and chairs will not be provided.

**About the 150th Anniversary Logo**
The logo for Coralville’s 150th anniversary reflects our rich history and bright future.

- **Coral** represents our city’s namesake. The town was christened “Coralville” for the fossilized corals found in natural rock exposures along the Iowa River, including where the foundation was dug for mills along the river in the 1800s.
- **The wheel** represents Coralville’s biking and recreational trails, the river-powered mills of Coralville’s early days, and the Mormon pioneers who stayed in Coralville in 1856 and 1857, preparing for a 1,300 mile journey from the Midwest to Utah, towing their belongings in handcarts.
- **The tree** symbolizes Coralville’s parks, open spaces, and community growth.
- **Fireworks** represent our festivals and celebrations, including Coralville 4thFest.
- The iconic **1876 schoolhouse** on 5th Street was where generations of children in Coralville went to school; it is on the National Register of Historic Places.
- **Vibrant colors** represent our community’s diversity and bright future.
Coralville Celebrates 150 Years

On October 3, 1873, Coralville officially became incorporated as a town in Johnson County with a population of about 300—and has now grown to over 22,000. Coralville is hosting a series of free community events through October 2023 to mark our sesquicentennial (150th anniversary) and honor our past, celebrate the present, and look toward the future.

Special Events to Celebrate 150 Years

› June: Wheat pasting murals installed in Coralville (see p. 15)
› July 1-4: Special events during 4thFest (see p. 4-6)
› July 18: Coralville 150th Live Storytelling (see p. 14)
› August 10: Growing up in Coralville & Starting a Business: Discussion Panel and Success Stories
› September 10: Oak Hill Cemetery Walk with Johnson County Historical Society
› October 1: Coralville 150th Anniversary Celebration

Event information will be at www.coralville.org/Coralville150 closer to the events.

Shop Coralville Swag

Retro Summer T-shirts
Our summer apparel includes retro-inspired adult t-shirts and women’s tanks in a variety of colors, a 150th anniversary shirt, and a youth t-shirt. Adult t-shirts and tanks start at $17-$20, and youth t-shirts are $15. Sweatshirts, long-sleeve t-shirts, and stocking hats are also available. Sold at Coralville City Hall, the Coralville Recreation Center, and during 4thFest.

Stoneware Crock
A limited number of Coralville 150th anniversary stoneware crocks are for sale at the Recreation Center for $35 each. A crock makes a great flowerpot, kitchen utensil holder, or keepsake!

Keepsake Buttons
Each year from 2013 to 2023, Coralville has unveiled an individually-numbered commemorative button highlighting a location or event significant to Coralville’s history. The 2023 button—the final in the series—celebrates Coralville’s 150th anniversary. Buttons are $3 each and are for sale at Coralville City Hall and the Coralville Recreation Center.

Commemorative Coins
Limited edition Coralville sesquicentennial coins are $10 each. The keepsake coins are 1.75” in diameter, with sandblasted recessed metal and polished gold plating. Only 100 coins were created! Sold at Coralville City Hall and the Coralville Recreation Center.

Thanks to our Coralville 150th anniversary sponsors:
We Need You!

Be part of the ultimate welcome when thousands of riders stay overnight in Coralville on Friday, July 28! Sign up at www.coralvilleragbrai.com to volunteer or host riders.

Volunteer

Sign up to help in the beverage garden, campgrounds, information center, shuttle assistance, and more! Over 900 community volunteers are needed to help this event go smoothly.

Host Riders at Your House

Apply to provide yard camping space or indoor accommodations like floor space or beds, bathroom facilities, or parking for motorhomes. Register to host by July 1. (Hosts are not required to transport or feed riders, and are not allowed to charge for accommodations).

Coralville is excited to welcome RAGBRAI, which is Register’s Annual Great Bicycle Ride Across Iowa. As an overnight host community for RAGBRAI, Coralville will host thousands of riders from across the world on Friday, July 28, 2023.

RAGBRAI is celebrating its 50th anniversary in 2023, and Coralville is celebrating our sesquicentennial of 150 years. This is Coralville’s sixth time hosting RAGBRAI. Committees have planned a day of great food, activities, and entertainment for riders and locals alike.

Coralville will welcome riders who have biked from Tama/Toledo to Coralville on Friday, July 28. Riders will stay in a designated camping area or in area host homes that night. The riders will depart on Saturday morning, July 29, as they ride from Coralville to Davenport to finish their journey. S.T. Morrison Park will serve as the hub for camping and entertainment.
RAGBRAI Coralville At A Glance

Arrival & Departure
On Friday, July 28, bicyclists will enter Coralville from IWV Road to Melrose Avenue, head north on Camp Cardinal Boulevard to 9th Street to 8th Street, and arrive at S.T. Morrison Park—where vendors, entertainment, the beverage garden, and the main stage will be.

On Saturday morning, July 29, bicyclists will leave from S.T. Morrison Park, head south on 12th Avenue, east on 5th Street, and south on 1st Avenue to Highway 6, and head to Kinnick Stadium by way of Hawkins Drive toward their final destination of Davenport.

Check www.coralvilleragbrai.com for route information closer to the event.

Entertainment
Entertainment throughout the day includes live music, roaming acts, a play area for kids, and more. The band Bush is the headline entertainment on the main stage, with special guest Plush. For concert admission information, see www.coralvilleragbrai.com.

The main stage and other entertainment will be in S.T. Morrison Park. Outside food and beverages, pets, and lawn chairs are not allowed in the fenced concert area. An overflow area on the east side of the park will allow lawn chairs.

No Parking
Multiple streets near S.T. Morrison Park will be posted as “No Parking Any Time” on both sides of the street, or will have closed or controlled access, from 6:00 am on Friday, July 28 until 9:00 am on Saturday, July 29. Violators are subject to tow.

City Services & Getting Around
Please allow extra time and use caution when traveling in Coralville and the area on July 28 and in the early morning on July 29. The addition of thousands of visitors, many on bicycles, may cause traffic delays.

Coralville Transit will be free for all passengers on Friday, July 28. Route changes, road closures, and traffic delays will make predicted bus arrival times on the Transit app inaccurate on Friday, July 28, and Saturday morning, July 29; use the real-time maps on the Transit app with actual bus locations to locate buses.

Vending
As recommended by RAGBRAI, Coralville adopted an ordinance regulating outdoor entertainment and vending for July 28 and 29, 2023, to help create and maintain a fun and safe environment for riders, visitors, and the community. This ordinance requires that any food or non-food vendor obtain a permit from the RAGBRAI Committee. The deadline for obtaining such a permit has passed. Businesses that normally sell food, beverages, and non-food items are exempt from this requirement if they are serving or selling products they normally sell within their regular operating premises.

1st Ave & I-80 Interchange Improvements

Diverging Diamond Interchange

The Iowa Department of Transportation, in coordination with the City of Coralville, is reconstructing the 1st Avenue and I-80 interchange (exit 242). The existing interchange is a standard diamond interchange built in the early 1960s, and traffic signals were added in the 1980s. It will be replaced with a diverging diamond interchange.

Over 150 diverging diamond interchanges have been constructed across the country, including three in Iowa. The new design provides added safety benefits and moves more traffic than a standard, signalized diamond interchange. A new, signalized intersection will serve both Iowa River Landing Place and the Magellan Terminal. The interchange will also feature a grade-separated path, allowing bicyclists and pedestrians to cross over I-80 without interacting with vehicular traffic.

1st Avenue is reduced to one lane in each direction over I-80 through late 2024. Northbound traffic on 1st Avenue that wants to head eastbound on I-80 merges with northbound through traffic, and then turns right at the I-80 eastbound ramp intersection with 1st Avenue.

From March to November 2023, the existing northbound 1st Avenue bridge is being demolished and replaced, while 1st Avenue traffic runs head-to-head on the existing southbound bridge. When the new northbound 1st Avenue bridge is completed later in 2023, the head-to-head traffic will shift to the new bridge, so demolition of the southbound 1st Avenue bridge can begin.

Pedestrian access will be maintained along the west side of 1st Avenue across Interstate 80 until late 2023 or early 2024, and then pedestrian access will shift to the east side of 1st Avenue. All permanent vehicular and pedestrian movements using the new diverging diamond interchange design are expected to be open for use by December 2024.

Project information and updates are posted at www.coralville.org/1stAve80interchange.

5th Street Water Main Improvements

Morrison Creek to 20th Avenue

This project will install new water main along 5th Street from just west of Morrison Creek through the 20th Avenue intersection. The new 12” diameter water main will replace the existing 8” diameter cast iron water main. Three water valves will be installed at each intersection for added flexibility when performing maintenance on the water main network. Bids will be received in mid-July and construction will begin no earlier than the first week of August. The project will be completed in fall 2023.

5th Street Improvements

12th Avenue to 20th Avenue

The total reconstruction of 5th Street from 12th Avenue to 20th Avenue is now scheduled to begin in spring 2024. The project will include concrete street pavement, wider sidewalks, storm sewer, water main from Morrison Creek to the Coralville Public Library, and streetscape enhancements including decorative lighting, street trees, and landscaping. More information will be provided in the winter edition of the Coralville Connection.

Utility Rate Changes

The following rate changes were approved by the City Council following a review and public hearing for the budget for the fiscal year that begins on July 1, 2023.

**Monthly Solid Waste Rates** This solid waste rate increase will allow the City to fund increased operating costs and compensate for lower values for recyclable materials. This is the second of several anticipated increases.

**Larger Than Life**
Coralville’s wheatpasting public art project
Larger-than-life historical Coralville photos appeared on buildings and garage doors throughout Coralville this June to celebrate the city’s rich history and bright future.

This public art project—overseen by the Coralville Public Library—is in honor of Coralville’s 150th anniversary (for 150th information, see p.7). Led by artist Isaac Campbell, the large photos are wheat-pasted; wheat paste is an ephemeral biodegradable glue made from flour, water, and sugar. This glue is used to adhere large printed paper rolls to surfaces, such as buildings. When it comes time to remove the murals in approximately 3-6 months, the images can be washed off with a pressure washer.

**Rich History: Historical Images**
The project has multiple phases, including pasting images onto seven Coralville buildings, and wheatpasting murals on six garage doors on historic 8th Avenue (formerly Huston Street) in collaboration with the homeowners.

**Bright Future: Inside Out Project**
The second phase of the project is part of the Inside Out Project. Communities around the world display large-scale black-and-white portraits of community members in public spaces, and the installations are documented and shared online. For Coralville’s Inside Out Project, larger-than-life portraits of students were pasted onto the buildings of Northwest Junior High, Kirkwood Elementary, and Coralville Central Elementary in June to highlight the bright future in our community.

**RAGBRAI**
Serendipitously, artist Isaac Campbell is installing wheatpasted murals in each overnight RAGBRAI town, including Coralville. Coralville’s bike mural is scheduled to go up on July 28 (for RAGBRAI information, see p. 8-9).

**Learn More**
Visit the murals this summer! To read more about this project, and to see a map of the mural locations, visit https://coralvillepubliclibrary.org/150th-anniversary-wheatpasting-projects/.

Gather with Neighbors for

National Night Out

Tuesday, August 1

This annual community-building event promotes neighborhood camaraderie and community relationships! It brings neighbors, first responders, and community leaders together under positive circumstances for a fun evening.

The Coralville Police Department invites neighborhoods to get together and host block parties on Tuesday evening, August 1, for National Night Out. The block parties give neighbors a chance to meet through potlucks, backyard barbeques, driveway dinners, or neighborhood events.

Representatives from the Coralville Police Department, Fire Department, and City Council will get out and visit as many registered parties as they can.

Stronger neighborhood ties can build community partnerships and create watchful eyes in neighborhoods, which help to promote crime prevention. Block party registration opens later this summer at www.coralville.org/NationalNightOut.

For more information, contact the Coralville Police Department at 319.248.1800 or visit www.coralville.org/NationalNightOut.
