

BORLAUG ELEMENTARY

BEFORE AND AFTER SCHOOL PROGRAM

Purpose:

While providing quality before and after school care is the primary purpose of the program, a secondary mission will be the education of the children about the importance of leisure and recreation. Children will have the opportunity to try many recreational activities, as well as help in the planning of the activities they participate and experience with their peers. Through this process, children will build self-esteem and life planning skills, which will benefit their growth.

Before and After School Program:

Children have the option to choose a variety of recreational games, fitness programming, arts and craft, mind time, playground time and/or gym time and much more during the program. A breakfast & afternoon snack is served daily.

No School Days:

Borlaug BASP participants will have the opportunity to sign up for childcare for planned non-school days including conference days, spring break, and a portion of winter break. Program will be located at Borlaug or at the Coralville Recreation Center. For a list of scheduled No School Days available, please request a copy of the Borlaug BASP Parent Manual.

Weather:

In the event of a school cancellation for blizzard, inclement weather, etc... the program will not be held. If due to heat, the after school program will be held!

Enrollment:

Borlaug BASP has a waiting list as the demand for before and after school program is great. The Before and After Directors of ICCSD have developed a common BASP entry and waiting list strategy with cohesive entry dates and waiting list practices across the District. This strategy allows parents and community members to have an understanding of the entrance process. For more information go to: www.iowacityschools.org under the programs page.
