

## Coralville Summer Programs Summary of Changes Due to Corona Virus Precautions

*It is the intention of Coralville Parks and Recreation to run as many programs as possible while doing so safely. You will see modifications to these programs such as encouraging people to spread out and social distance, asking that extra family members not attend so we can keep numbers of spectators low, and seeing staff conduct extra sanitizing steps. At the time of this publication, we will also be taking temperatures of everyone entering our indoor facilities. While we are taking extra precautions, the corona virus is a highly communicable illness that may be spread by coming in close contact with others by participating in programs and services.*

Note: Holding classes and events greater than 10 may be canceled if group gathering restrictions are not relaxed for Iowa.

Coralville residents: Registration starts Thursday, May 21

Non-Residents: Registration starts Thursday, May 28
