

CORALVILLE AFTER SCHOOL PROGRAM & HYBRID ALL DAY PROGRAMMING

The start of the 2020-21 school year has required Coralville Parks & Recreation to re-invent our programs based on changes to the academic school year. Based on feedback provided, we are offering two program options.

After School Program: provide the option to choose a variety of recreational games, arts & crafts, homework time, recess at the park, and much more during the program. An afternoon snack is served daily.

Hybrid All Day Programming: provide instructional guidance and supervision for your child's online learning requirements. In addition to keeping them on task with their academics, we will be providing enrichment opportunities. Child should be able to function in a setting with multiple children and stay on task with their online learning.

Our Hybrid All Day Programming will use the ICCSD schedule. Students will attend the days they are not at school which is 2 days one week, 3 days the next. If ICCSD goes to a complete online learning situation, our program will continue with the 2, then 3 day pattern. We will reassess our ability to combine our AA, BBB/AAA, BB cohorts and determine if we have the staffing and ability to combine and keep numbers within our social distancing limits. The price will be adjusted accordingly if we would increase days.

Hybrid All Day Programming Schedule:

Each student is required to bring a lap-top or tablet device & head phones for online learning. The schedule is approximate and adjusted with ICCSD publication of Hybrid schedule.

7:30-7:55	Free Time Activities
8:00-8:30	Class Zoom Meeting
8:30-9:45	Online Instruction Time
9:45	Morning Snack
